Statement by Retiring President Ertola.

"Now that my two-year term as the Board's presiding officer has come to an end, I want my colleagues, the Clerk of the Board and his staff, the representatives of all the City departments and the various civic groups, and the press, to know that I am most gratefully appreciative of their cooperation and the very real help which they have so generously given to me. All of you have made possible an enjoyable and rewarding experience for me, and I hope a satisfactory administration of the Board's affairs during my term.

"The members of the Board have my especial gratitude, because in according me the privilege of serving as President, they have made it possible for me to gain experience and knowledge which will stay with me always.

"The magnificent projects contemplated with our bond funds, the housing facilities being constructed, the accelerated mental and physical health programs being undertaken, the increased attention being paid to problems of our senior population, and many other civic advancements—all are progressing, and their ultimate completion will greatly enhance the attractiveness and livability of the City which we already think of as the best in the world. We as members of the Board of Supervisors are in a position to do much toward fulfilling the hopes of our people, who have consistently supported every reasonable proposal for civic betterment. Knowing my colleagues as I do, I feel confident that our duty to continue doing a job for the people which will in all respects reflect the will of the people will be discharged faithfully.

"I thank all of you for your help and for your support.

"It is now my pleasure to entertain nominations for the office of President of the Board of Supervisors for the next ensuing two-year term."

Nomination for Office of President of the Board of Supervisors.

Supervisor Dobbs, seconded by all members of the Board, moved that the name of Supervisor Peter Tamaras be placed in nomination for the office of President of the Board for the next two years.

The President inquired if there were any other nominations.

Supervisor Dobbs, seconded by all members, moved that nominations be closed.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Thereupon the Clerk called the roll on the motion to elect Supervisor Peter Tamaras, President for the next ensuing two-year term, and the motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Concluding Remarks by Retiring President Ertola.

"As I relinquish the gavel, it is apropos that I say a word concerning the man who will preside over our meetings for at least the next two years.

"Supervisor Peter Tamaras, in his brief but energetic campaigns waged in behalf of the City's more urgent needs, and his firm resistance to any attempts which might be made to undermine the community's best interests, has called widespread attention to his capabilities, as the election results will verify. He holds, from all of us here, his colleagues, the highest respect.

"I congratulate Supervisor Tamaras upon his election as Board President. I know that the gavel will be in capable hands, and for all of us I wish a completely successful tenure in office for President Tamaras."

Statement of President-Elect Tamaras.

"As my first official act, it is a privilege for me to present this inscribed gavel to Supervisor Ertola. On the gavel is an engraved plaque. It reads as follows:

"'Doctor Charles A. Ertola, President of the Board of Supervisors of the City and County of San Francisco, January 8, 1960-January 8, 1962.'

"We are hopeful that the gavel will serve two purposes. First, it will be a reminder to Supervisor Ertola, his family and his many friends that he has served the Board and the community faithfully and well during his tenure as President. Second, it is meant as a token of the respect and esteem in which Supervisor Ertola is held by all of his colleagues. Supervisor Ertola, may I compliment you for your guidance of the Board as President, and extend my very best wishes for your continued success in the future.

"Ladies and Gentlemen: The members of the Board have made me very proud. In electing me their President, they have given me the opportunity to preside over and work closely with a group of public-spirited and civic-minded legislators which is truly distinguished.

"I take the gavel from a long line of outstanding presiding officers. If I can maintain the extremely high standards set by former Presidents Jesse Colman, Harold Dobbs, John Ferdon, Joe Sullivan, as well as my immediate predecessor, Supervisor Ertola, and others,

I am sure that everyone will be eminently satisfied with my conduct of the office. I assure you that in any event I will do my very best.

"The duties of the President of the Board of Supervisors are clearly defined by the Board in our Rules of Order. Except in parliamentary matters, it is not within my power to tell my colleagues what to do, and it would be inconceivably presumptuous for me to attempt to do so. I intend simply to preside to the best of my ability, and I know that I can expect the very best of cooperation from my colleagues and all who attend our meetings so that I may do a good job for the Board and the City.

"Now I take very great pleasure in presenting to you the members of the families of the newly elected and re-elected Board members.

"May I ask your indulgence in presenting to you the members of my own family who are here and then I will call upon each of the newly elected and re-elected members to make his own introductions."

President Tamaras thereupon introduced the members of his family and friends who were in attendance.

"Now may I invite the newly elected and re-elected Supervisors to present their respective guests."

The newly elected and re-elected Supervisors introduced the members of their families who were in attendance.

"Now I believe it would be in order for us to hear a few words from each of the other members of the Board who are continuing in office."

The continuing members of the Board extended a welcome to the newly elected Supervisors, congratulated the re-elected Supervisors upon being returned to the Board of Supervisors, and President Tamaras upon his election to the office of President of the Board.

"My first official duty, and undoubtedly one of the most important functions I will have to discharge as President of the Board, is to appoint the members of the 11 standing committees of the Board.

"The selection has not been an easy matter, not because of the lack of capable legislators, but, quite to the contrary, because of the abundance of keen talent and conscientious dedication to duty which is possessed by each and every member of the Board. Therefore, I have made my appointments with the knowledge that each committee chairman and his colleagues are fully equipped and wholeheartedly willing to devote their time and effort to assure the finest possible results for all the people of San Francisco.

"The following will be the standing committee memberships, with the respective chairmen named first in each instance:

The following recommendations of Finance Committee were taken up:

File No. 925-58-12, Resolution No. 11-62.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Dobbs—1.

Providing for the Issuance of \$6,600,000 Civic Center Auditorium Improvement Bonds—1959, Series B.

File No. 433-59-9, Resolution No. 13-62.

Supervisor Blake stated he believed the matter of revision of plans and specifications should be heard by the Public Buildings, Lands and City Planning Committee, so the Board may be advised of the extent of the rehabilitation.

Supervisor Blake, seconded by Supervisor Tinney, moved that the revised plans and specifications for the rehabilitation of the Civic Auditorium be presented to the Public Buildings, Lands and City Planning Committee for review.

In response to inquiry of Supervisor McMahon, Mr. Thomas Blanchard, Deputy City Attorney, advised that once the appropriation is made by the Board and the department is authorized to proceed and let the contract the jurisdiction over the project is theirs, but under the provisions of the Charter the Director of Public Works is required to submit information to the Board whenever it is requested, and under that provision the Board could request the submission of the plans and specifications.

Thereupon the roll was called and the foregoing motion was carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—10.

No: Supervisor McMahon—1.

Adopted by the following vote:

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Taken Up Out of Order.

Passage for Second Reading.

There being no objection, on motion of Supervisor Dobbs, seconded by Supervisor Halley, the following "From Finance Committee without Recommendation," appearing on the calendar under New Business, was taken up out of order:

**Appropriating \$55,000, Recreation and Park, to Provide for Wind Study
at Candlestick Park.**

File No. 80-61-55.2, Ordinance No.

Supervisor Halley, seconded by Supervisor Ferdon, moved "Do Pass."

Supervisor Halley stated he was going to vote against the measure because he did not believe it was possible to control the wind in the area except by the complete enclosure of the stadium.

Supervisor Ferdon said he desired some assurance that the wind condition would be removed to whatever degree possible, but there doesn't seem to be any real interest by either the Recreation and Park Commission or the Department of Public Works to correct the matter. Believed that the Commission should come forward with some approach saying that if there is something that can be done we will do it.

Mr. Walter A. Haas, Sr., President, Recreation and Park Commission, remarked that he felt the survey might point out what can be done, and if the report comes in with reasonable figures the Commission will proceed from there.

Supervisor Ferdon requested that the Clerk request the Controller to submit an estimate of increased revenues which would be realized by the City from the Candlestick Park revenues, if the wind condition was corrected.

No objection and *Clerk directed to comply.*

In response to inquiry by Supervisor Ferdon, Mr. Haas stated he would report the matter to the Recreation and Park Commission at its meeting on Thursday, so we can give you assurance that we will take action if the report is favorable.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—10.

No: Supervisor Halley—1.

Adopted.

The Board resumed consideration of the calendar items in the order set forth therein.

Bonds—1961, Series A; and \$1,100,000 Fort Funston Bonds—1961,
Series A.**

File No. 156-61-6, Resolution No. 15-62.

Supervisor Halley stated he had been informed by Congressman Shelley that there has been a change in the thinking of the department charged with the responsibility of disposing of surplus Federal Government property, and there might be a possibility that the City could acquire Fort Funston for less than \$1,100,000.

Supervisor Halley requested that the Clerk call this to the Chief Administrative Officer's attention, with the request that he exhaust every possibility to receive such reduced price.

No objection and *Clerk directed to comply.*

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Comments of Supervisor Dobbs on Meeting Conducted by Senator McAteer Relative to Regional Planning.

Supervisor Dobbs stated he was deeply concerned over the grandstand efforts, promoted by State Senator McAteer, to sidetrack and delay consideration of rapid transit by attempting to piece together again the various jig-saw proposals for all-encompassing regional programs that have been gathering dust on the shelves of planning agencies for years.

Supervisor Dobbs continued, that the revised plans of the San Francisco Bay Area Rapid Transit District would be presented to the Board within a short period of time, and with it being so close to reality, it would be tragic to allow it to be sabotaged by embarking in pursuit, once again, of the will-o'-the-wisp of a grandiose one-package solution to all Bay Area problems involving endless meetings, conferences, hundred-thousand-dollar surveys, hoopla and frantic lobbying in Sacramento.

Supervisor Dobbs concluded by stating that there may be many things in the plans of the San Francisco Bay Area Rapid Transit District which would require negotiation and compromise before it could be finally accepted, and the Board should get on with the negotiation and not permit itself to be diverted into a situation which plays directly into the hands of the deadly enemies of any form of rapid transit.

Supervisor Dobbs commented on the article in the recent edition of *Sports Illustrated*, entitled "The San Francisco Myth." He remarked that the article condemns San Francisco and after reading the article he had concluded that somebody should say something about it. Either the person who wrote the article was never here or if he were he must have been in a stupor all of the time.

Withholding From Proposed Sale of Various City and County of San Francisco Bonds, \$6,600,000 Civic Center Auditorium Improvement Bonds, 1959—Series B.

Supervisor Halley requested that the Finance Committee ask the Controller to abstain from the sale of \$6,600,000 Civic Center Auditorium Bonds, 1959—Series B, scheduled for sale on February 13, 1962, and that the Chief Administrative Officer discuss with the Finance Committee the possibility of abandoning such program and the initiation of an over-all plan for the construction of a convention center.

Responsibility for Removal of Existing Municipal Railway Facilities on Market Street During Construction Period of Rapid Transit Subway.

Supervisor Halley remarked he had attended the meeting of Senator McAteer and believes that one way or the other the Rapid Transit District as now organized should be given the opportunity to present its plans to the public.

Supervisor Halley continued that he was concerned about the problem of whose responsibility it would be to replace the present transit system now using Market Street and to which streets they propose to transfer these facilities during the construction period of the rapid transit subway. Who will be responsible and from where will the money come for replacing the Municipal Railway facilities which are removed as a result of the installation of the subway?

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

Commending John Merrill, and John Hirten, President and Executive Secretary, Respectively, of the San Francisco Planning and Urban Renewal Association.

Supervisor Boas remarked he had attended the annual conference of the San Francisco Planning and Urban Renewal Association last week, at which planners and architects from various cities of the United States were present.

Supervisor Boas stated it was his personal opinion that the San Francisco Planning and Urban Renewal Association is doing a great deal in advancing the orderly growth of San Francisco.

Supervisor Boas thereupon requested that a communication be directed to John Merrill, and John Hirten, President and Executive

Secretary, respectively, of the San Francisco Planning and Housing Association commending them for the outstanding work the Association is doing for the City and County.

Supervisor Halley suggested that the communication be signed by those Supervisors who so desire, but that his name be left off.

There being no objection the *Clerk was directed to comply on behalf of Supervisor Boas.*

Protests Relative to Improvement of Powhattan Avenue Between Wool and Moultrie Streets.

Supervisor Boas remarked that the improvement of Powhattan Avenue between Wool and Moultrie Streets had been considered by the Streets Committee and the reason for the delay in completion is based upon two facts (1) that the contractor pulled his equipment off the job and probably is using it on other contracts, and (2) there was no penalty clause in the contract. Supervisor Boas stated he believed some steps should be taken to protect the property owners and he was of the opinion that a penalty clause should be included in all future street improvement ordinances.

Mr. Ted Vollenweider, representing the Department of Public Works, advised that the City Attorney was looking into this matter to determine whether or not a penalty clause can be put into street improvement contracts.

Mr. Clifford Geertz, City Engineer, remarked that the contractor put his equipment back on the job this morning and although he is being delayed by the existing snow condition, he has assured the Department of Public Works that he would proceed with the improvement as soon as weather conditions permit.

Objection to Statement of Member of City Planning Commission That the Board of Supervisors Was Responsible for Appropriating Only \$25,000 for the Conduct of the Downtown Modernization Survey.

Supervisor Halley remarked he had read the full report of the San Francisco Planning and Housing Association conference. He noticed that a member of the City Planning Commission, one George T. Rockrise, criticized the Board of Supervisors for appropriating only \$25,000 for the purpose of conducting the Downtown Modernization Studies, and blamed it on the Board that its action would restrict the ability of the City Planning Commission to do this job without any outside help.

Supervisor Halley stated that this project was created by the Planning Commission, also the amount of money requested which was believed necessary to complete the survey was determined by the City Planning Commission, and the Board acquiesced in their request.

Supervisor Halley thereupon requested that the Clerk direct a communication to Commissioner Rockrise suggesting that in the future he inform himself of the Municipal process before he directs criticism at an arm of the City Government.

Supervisor Morrison remarked that in view of the doubtful nature of the alleged liability he was of the opinion that the City should not settle the litigation but should go to court, and therefore he was going to vote against the legislation.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, Tamaras—8.

No: Supervisor Morrison—1.

Absent: Supervisors McMahon, Tinney—2.

The following recommendation of Streets Committee was taken up:

(Supervisor Boas dissenting in Committee.)

Granting Revocable Permission to Julie F. Dunne to Occupy a Portion of the Sidewalk Area Fronting 555 Golden Gate Avenue, by the Construction of Two Ornamental Light Standards.

File No. 394-61, Resolution No. 50-62.

Supervisor Boas explained he had opposed the legislation in Committee because the Department of Public Works was not in favor of it, and he believed that the matter should have been submitted to the City Planning Commission for report.

In response to inquiry of Supervisor Halley, Mr. Ross, Controller, explained the procedure which was followed by his office to make certain that the permittee posted the necessary bond and kept it currently operative.

Mr. Duckel, Chief Administrative Officer, advised that neither the Director of Public Works nor he had approved the legislation, and he was of the opinion that before the legislation could be enacted it should be referred to the Art Commission for approval.

Supervisor Halley, seconded by Supervisor Boas, moved that the legislation be re-referred to the Streets Committee for further consideration.

Supervisor Boas, upon being informed by Supervisor Dobbs that the legislation provided that before the permit for the installation of the lights could be granted the design thereof would have to be approved by the Art Commission, advised that he would not object to the adoption of the legislation.

Supervisor Halley thereupon requested permission to withdraw his motion.

No objection and *request granted*.

Review of Adequacy of Financial Assistance for Foster Care Homes.

Supervisor Halley stated he had been giving further consideration to the legislation which provided for an increase in maximum amounts which might be paid to foster homes, and he was doubtful that these amounts would be sufficient to adequately provide for the needs of the children, especially in connection with necessary dental work.

Supervisor Halley thereupon requested that the Clerk direct a communication to the principals involved in the determination of the maximum rates to be paid for foster home care, asking that they report on the adequacy of \$85 per month, and what provision is made for the vital need of orthodontia for these children.

Approval of Preparation of Final Plans and Specifications for the Reconstruction of the Palace of Fine Arts.

File No. 640-60-1, Resolution No. 61-62.

Supervisor Boas remarked he believed that the Board should have all the information before them before the project is approved, and he was convinced the Board will rue the day if it approves construction of the main building in the manner contemplated.

Supervisor Boas stated his objection was based on the following points: (1) it is the rotunda, ornamentation and water which are symbols of San Francisco; (2) it will be an ugly main building; (3) it would not be a good neighborhood for a convention site, because there would not be any parking facilities available; (4) the main building should be used for other purposes than that projected.

Mr. Owens, Director of Public Works, explained the main building would be a plain building without any ornamentation; and although it could not, under our codes, be used for a place of public assemblage, it is assumed that the Board of Permit Appeals would permit it to be used for such purpose.

Supervisor Ferdon stated that the Committee is aware of how the main building will look when it is completed, and also that the City is legally bound to build the main building. The lack of parking was

made known to the residents of the area and they were invited to appear before the Committee and express their opinion. No one appeared who stated he was dissatisfied with the plans.

Mr. Mana, Chief Assistant City Attorney, informed the Board that any portion of the building which is rehabilitated must be in substantial conformance with the original building; you could not end up with a small building and an entirely different plan than the original Palace of Fine Arts.

Supervisor Blake said he was opposed to reconstruction of the building unless it conforms to the original building, and he felt that the people of the area expected it to be rehabilitated in that manner.

Mr. Ross, Controller, explained that if the reconstruction did not come within the amount of money available, the Board has the authority to proceed or not, or to make sufficient funds available. He continued by explaining that the working drawings will be developed so that a number of alternates may be taken in the bids which will provide, should funds be available, for the inclusion of various ornamentation on the main structure.

No objection to such course of action was declared by any Board member.

Mr. Owens stated that under the proposed resolution the building is to be reconstructed pursuant to the Cahill Plan which does not include ornamentation of the main building. The Department of Public Works could call for alternative plans with ornamentation, but we would be taking a chance because it would require additional funds for the preparation of the plans.

Supervisor Blake moved that the Board include an amount sufficient to provide for preparation of plans and specifications for ornamentation of the main building.

Motion *lost* for want of a second.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Adopted.

The Board resumed consideration of the following recommendation of Public Buildings, Lands and City Planning Committee heretofore considered and temporarily postponed:

Amending Resolution No. 15288 (Series of 1939), Designating and Describing a Redevelopment Area to Be Known as Embarcadero-Lower Market Redevelopment Area E, by Amending the Boundaries Thereof to Include Therein Block 202.

File No. 73-62-3, Resolution No. 74-62.

Mr. Hermann, Executive Director, Redevelopment Agency, explained that the particular block had been included in the original plans for the Area but, due to lack of Federal funds, it had been deleted. It now appears that sufficient Federal funds are available and also non-cash grant aid credits are available. At the present time the Agency is not able to give a firm answer to the uses which will be made of the block, although it is of the belief that it should be either residential or commercial, but it will not be part of the Ferry Park. When the final plans are formalized they will be submitted to the Board for approval.

The Board of Supervisors met in regular session.

Approval of Journal.

There being no objection the Journal of Proceedings for the meeting of Monday, January 29, 1962, was considered read and approved.

Taken Up Out of Order.

Re-Reference to Committee.

There being no objection on motion of Supervisor McMahon, seconded by Supervisor Ertola, the following Called Out of Public Buildings, Lands and City Planning Committee by Supervisor McMahon, appearing on the calendar under New Business, was taken up out of order:

Amending the City Planning Code by Adding Section 214 Thereto, Establishing a 40 Foot Height Limitation in the Northern Waterfront Area; Amending Section 105, to Incorporate Said Area Into the Zoning Map; and Section 304, to Provide Regulations for Planned Unit Developments Within Said Area.

File No. 320-61, Ordinance No.

Supervisor McMahon, seconded by Supervisor Ertola, moved that the legislation be re-referred to Public Buildings, Lands and City Planning Committee.

Supervisor McMahon stated her reasons for making the motion were (1) so that Committee could make a determination whether the description of the area should be incorporated into the Building Code or the City Planning Code; and (2) that the legislation be referred to the City Planning Commission for further review and recommendation.

Supervisor McMahon requested that when the legislation is reported back to the Board the Committee give consideration to whether or not they will recommend that the Board sit as a Committee of the Whole to hear the matter.

Supervisor Halley stated that although his son, an attorney at law, represented some of the property owners within the area affected, he believed in good conscience that he should comply with his Supervisorial duties and not request to be excused from voting, therefore he would vote on the matter.

Supervisor Ferdon requested that he be excused from participation in consideration of and voting on the legislation because his brother, an attorney at law, also represented some of the property owners within the area where the height restrictions would be imposed.

No objection and *request granted*.

Supervisor Ferdon, joined in by Supervisor Halley, thereupon requested that the Clerk procure a legal opinion from the City Attorney advising whether or not under the circumstances set forth above the members should be excused from consideration and voting; also, under said circumstances, if said members were not to be excused from consideration and voting, would their participation in the legislative process invalidate the legislation enacted by the Board.

No objection and *Clerk directed to comply*.

Thereupon the roll was called on the motion to re-refer, and it carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Halley, McMahon, Morrison, Tamaras, Tinney—9.

Excused from voting: Ferdon—1.

Consideration Continued.

Determining and Declaring That Public Interest and Necessity Require the Submission of a Bond Issue in the Sum of \$3,545,000 for the Construction of a New Public Welfare Department Building.

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of the following municipal improvement, to wit: Acquisition of land within the City and County of San Francisco for construction of a building thereon and the necessary equipment of the same, incidental expenses connected with the acquisition of said property, and all other works, properties and structures necessary or convenient thereto, to be used for the conduct and transaction of the business of the Public Welfare Department of the City and County, and that the estimated cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

File No. 91-62-1, Resolution No.

Supervisor Halley, seconded by Supervisor McMahon, moved that consideration be continued for one week.

Supervisor Halley explained he made the motion so that the Board would have the opportunity of considering both the principal bond issue and the bond issue for the Airport Garage at the same meeting, and thus deciding which proposal should be designated Proposition "A" on the June ballot.

Supervisor Ferdon stated he was opposed to the motion because the Finance Committee has recommended this bond issue, but it has not as yet approved the Airport Garage bond issue, and he did not

believe consideration should be continued just because somebody might want the Airport Garage bond issue placed first on the ballot.

Supervisor Dobbs remarked he would vote for the motion because he believed it was incumbent on the Board, in approving the submission of bond issues to the people, to do everything to assure their passage, and if giving one a higher letter designation than the other would achieve this end then that is the method the Board should follow.

Supervisor Tinney said it was his opinion that the Public Welfare Building bonds previously failed because of a misunderstanding, but with only two bond issues on the ballot there will be no chance for it being lost in the shuffle, therefore, he believed that the Board should adopt the matter today.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahon, Tamaras—7.

Noes: Supervisors Boas, Ferdon, Morrison, Tinney—4.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, FEBRUARY 19, 1962 — 2:00 P. M.

In meeting of the Board of Supervisors, San Francisco, Monday, February 19, 1962—2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Quorum present.

President Peter Tamaras presiding.

Supervisor McMahon excused from attendance at 3:20 p. m.

Approval of Journal.

There being no objection the Journal of Proceedings for the meeting Monday, February 5, 1962, was considered read and approved.

Presentation of Guests.

The Chair introduced the following guests:

The 8th grade class from St. Cecilia's School accompanied by Sister Michaeline Mary and Sister Madeline Rita.

Bert A. Betts, State Treasurer.

Discussion Relative to Letter Designation for Bond Issues Appearing on the June 5, 1962 Ballot.

Supervisor Dobbs stated that before any calendar items were considered, the Board should give immediate consideration to whether or not, from a standpoint of passage, it desires to consider first the proposed Airport Garage Bonds, or the Public Welfare Department Bonds. Supervisor Dobbs continued that the order in which the Board adopts the resolution declaring the necessity for the issuance of the bonds determines which bond issue is to receive the lower letter designation.

Supervisor Blake stated he believed that the Airport Garage Bonds should be designated letter "A" because it is the more popular issue.

Supervisor Ferdon remarked there was doubt in his mind as to the success of the Airport Garage Bonds, and he felt that the Board should act on the items in the order in which they were recommended to the Board by the Finance Committee, therefore the Public Welfare Department Building Bonds should be considered first.

Supervisor Morrison said he believed that the equities of the situation favor the Public Welfare Department Building Bonds.

Motion to Consider Out of Order.

Supervisor Halley, seconded by Supervisor Dobbs, moved that the following off-calendar recommendation of Finance Committee be taken up out of order.

Determining and Declaring That Public Interest and Necessity Demand the Submission of a Bond Issue in the Sum of \$9,800,000 for the Construction of a Parking Facility at the San Francisco International Airport.

File No. 82-62, Resolution No.

Mr. Born, Director of Welfare, explained his Commission believed it should receive the designation of letter "A" because the Welfare Bond issue came before the Board first, if it had come after the Airport Garage Bonds then the Commission would be satisfied with designation of letter "B."

Supervisor Dobbs said it becomes a question of which is the most important and he felt that from an over-all standpoint both bond issues would be passed because with the Airport Garage Bonds designated letter "A" they will carry the Welfare Bonds.

Thereupon the roll was called and the motion to take up out of order was *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Halley, McMahon, Tamaras—8.

Noes: Supervisors Ferdon, Morrison, Tinney—3.

Adopted.

Determining and Declaring That Public Interest and Necessity Demand the Submission of a Bond Issue in the Sum of \$9,800,000 for the Construction of a Parking Facility at the San Francisco International Airport.

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of the following municipal improvement, to wit: Improvement of the San Francisco International Airport in San Mateo County, California, including additions thereto so as to provide the necessary facilities for the public parking and garaging of motor vehicles; construction of a parking garage facility and the purchase and installation of equipment, machinery and devices necessary for the efficient function and operation of said garage facility, including excavating, filling, piling, grading and paving of land therefor; reconstruction and alteration of the terminal building required for joining said garage structure to said terminal building; providing for baggage conveyors and acquisition and installation of elevators and escalators in the garage and terminal building; extension, removal, construction, reconstruction, and relocation of roads, bridges, ramps, tunnels, utilities and facilities; landscaping; engineering, inspection and related costs; provision for the operation of a parkers' shuttle transportation service during construction, and all other works, property or structures necessary or convenient for the improvement of said airport, and that the estimated cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said city and county.

File No. 82-62-1, Resolution No. 101-62.

Mr. H. J. Degenkolb, Architect, briefly explained the manner in which the garage would be constructed, and some of the conveniences which would be incorporated into the garage for the benefit of the patrons.

Supervisor Dobbs explained in detail the size of the garage, its capacity, the manner in which it would be landscaped and when it was estimated that construction could be begun. Supervisor Dobbs also explained that an investigation had been made of an offer by

private industry to construct the garage with its own money on the condition that it receive the revenues therefrom for 11 years after its completion, but the committee determined that such an agreement would result in the City giving away approximately \$6,000,000 and therefore the offer was rejected.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Supervisor McMahon Excused From Attendance.

Supervisor McMahon, at the hour of 3:20 p.m., requested to be excused from attendance because of illness.

No objection and *request granted*.

File No. 270-61-1, Ordinance No.

**Statement and Proposed Amendment by Supervisor Joseph E. Tinney,
Chairman of the Judiciary Committee.**

As submitted by the Civil Service Commission, the Salary and Wage Survey dated February 1, 1962, proposes salary increases for 579 classifications, which include 8,339 permanently established positions. The estimated annual cost of the increase is \$2,371,389, including retirement costs, to which must be added the cost of vacation and other benefits.

Proposed amendments to the compensation schedules and the administrative provisions of the Salary Standardization Ordinance are placed before you today by the Judiciary Committee, for reference to the Civil Service Commission. They include amendments offered by or on behalf of 704 classifications out of a total of 1,208 classifications, proposing increases beyond the salaries recommended by the Civil Service Commission.

On behalf of the Judiciary Committee and as recommendations thereof:

I offer as proposed amendments to said schedule of compensations all requests for adjustment supported by necessary data filed with this Board. I move that the data presented to and considered by this Board as warranting such proposed amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board not later than February 28, 1962. At the same time, the Commission shall submit a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

For the purpose of this motion, the highest salary rate or range requested for each particular classification in said data is hereby proposed as an amendment to said schedule of compensations. The Clerk of the Board is hereby authorized and directed to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Additionally, the Clerk shall transmit to the Civil Service Commission, for similar report and recommendation, such data as have been filed with the Board in support of requests for amendments to the administrative provisions of the Salary Standardization Ordinance.

Compliance With Cease and Desist Order of the Regional Water Pollution Control Board Relative to Dumping of Sewage into San Francisco Bay; and Re-Evaluation of Declared Policy Relative to Removal of Produce Merchants From the Wholesale Produce Market.

Supervisor Blake stated he had attended a meeting of the Regional Water Pollution Control Board and was informed by said Board that it would not accept the City's request for an extension of time to complete the Drumm Street Sewage Pumping Station and within which to comply with Cease and Desist Order of said Board. Supervisor Blake continued he believed that a meeting should be had between the Chief Administrative Officer, Director of Public Works, the Mayor, and representatives of the Regional Water Pollution Control Board, to determine what steps should be taken to secure an extension of time in connection with the enforcement of said Cease and Desist Order.

Supervisor Ferdon explained he had received a communication from the Director of Public Works explaining the problem which is confronting the City in this matter. He has advised that the Regional Water Pollution Control Board would meet again on March 15, and

determine whether or not it would go to the District Attorney seeking an injunction to compel compliance with the order.

Supervisor Ferdon thereupon requested that the heretofore declared policy of the Board, that no individual produce merchant would be forced to move from the Produce Area until the new Wholesale Produce Market became a reality, be reviewed in light of the recent action of the Regional Water Pollution Control Board; and that the Committee invite representatives of said Regional Water Pollution Control Board to attend and participate in the Committee's deliberations.

Authorizing Feasibility Pilot Study on Construction of Monorail Between the San Francisco International Airport and Downtown San Francisco.

Supervisor Blake requested that communications be forwarded to the Public Utilities Commission and the City Planning Commission urging them to make a feasibility study on construction of a monorail system between the San Francisco International Airport and Downtown San Francisco.

Urging Construction of Privately-Financed Medium-Priced Housing in San Francisco.

Supervisor Boas stated he had discussed the matter of the construction of privately-financed medium-priced housing in San Francisco with various groups and has come to the conclusion that because of lack of such housing many young families are moving from San Francisco to the suburbs. Supervisor Boas continued that the Federal Housing Bill provides for such housing and he had been advised that many private contractors are willing to enter into this field if the City would advise them how to proceed.

Supervisor Boas thereupon requested that committee consideration be given to this matter, inviting, in addition to appropriate department heads, representatives of financial institutions, architects, and the real estate and construction industries.

NEW BUSINESS

Consideration Continued.

There being no objection the following recommendation of Police Committee was taken up out of order.

Amending Section 1135 of the Police Code, to Provide for Increase in Rates of Fare for Taxicabs.

File No. 434-61, Ordinance No. . . .

Robert R. Laughead, Chief Valuation and Rate Engineer, City Attorney's Office, explained in detail the procedure which was followed in arriving at the proposed rates of fare.

Supervisor Dobbs stated that while the taxicab companies are entitled to a fair return on their investment, he did not believe that the analysis was complete because there must be a comparison made between the rate of return in Los Angeles and San Francisco. Supervisor Dobbs continued that it would be unfair to make the rates the cheapest in the country, but when they get to be the highest then it is time for the Board to make a careful study of the proposed rates.

Supervisor Tinney explained that the Committee did not take into consideration any proposed increase in wages, and if a wage increase is granted the cab companies will have to come back to the Board at a future time. The rates which have been recommended were the absolute minimum which the Committee could find under a workable schedule, to prevent what appears to be a certain loss for this year unless an increase is given to the cab companies. The rates were based on what the cab companies did last year.

Supervisor Dobbs stated that during the week he would like to review the figures compiled by the Rate Engineer for the purpose of making up his mind whether he can support the matter or not.

Supervisor Dobbs thereupon moved, seconded by Supervisor McMahon, that consideration of the legislation be continued for one week.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—10.

No: Supervisor Ertola—1.

In response to inquiry of Supervisor Ferdon, Mr. Laughead said he would furnish a copy of the figures to each member of the Board.

File No. 270-61-1, Ordinance No.

Motion.

Supervisor Tinney: As a recommendation of the Judiciary Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 19, 1962, to the schedule of compensations submitted by the Civil Service Commission on February 1, 1962, and revised by the Commission on February 28, 1962, I move that the compensations set forth in the Judiciary Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 270-61-1, the Salary Standardization Ordinance of 1962 pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Judiciary Committee and hereinafter more specifically set forth, be approved, adopted, and included in said Ordinance, seconded by Supervisor Morrison.

Statement by Supervisor Tinney Relative to Salary Standardization Ordinance.

Your Judiciary Committee presents to you today its recommendations in connection with File No. 270-61-1, the Salary Standardization Ordinance of 1962 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

General Classification Survey: Incorporated in the Salary Standardization Ordinance for 1962 are new classification designations for present classes where no status problems are involved. Where status problems are involved the existing alphabetical-numerical designations have been retained. When those problems are resolved it is anticipated that numerical designations will be assigned all classes of employments.

At the outset of the Judiciary Committee hearings on salary standardization it was anticipated that many requests would be received from employees protesting job reclassifications and requesting status in new classifications. The City Attorney was asked to render his opinion on the Board's powers on reclassifications and status for employees and we have been advised that such determinations are entirely within the province of the Civil Service Commission.

Administrative Provisions: The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved.

Culminating its considerations, the Commission has forwarded to the Board of Supervisors the administrative provisions as recommended by the Commission. A copy is before each Board member, accompanied by a letter of explanation of the recommended deletions, additions, and revisions.

The Judiciary Committee applied intensive study to these administrative provisions, giving careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance appearing in the copy before you.

It is the recommendation of your Judiciary Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

Schedule of Compensations: The Judiciary Committee presents to the Board its recommendation for amendment of the schedule of compensations. The members of the Committee have made their

recommendations with a full awareness of the needs of the community, the services rendered by the employees, the requirement for maintenance of equitable relationships, and the provisions of Charter Sections 151 and 151.1.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 10,282, divided into 973 classifications.

I quote a table showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1961 and those which this year are recommended by the Civil Service Commission and/or the Judiciary Committee:

1961—Classes and Positions Recommended for Increases by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
553**	7,839**	\$1,979,199	\$242,451

1961—Classes and Positions Recommended for Increases by Judiciary Committee, Additional to Those Recommended by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
65	853	\$ 137,134	\$ 16,799
Total 1961 . . . 760	9,399	\$2,116,333	\$259,250

**207 classes, 1,560 positions not included for increase by Civil Service Commission.

1962—Classes and Positions Recommended for Increases by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
633*	8,525*	\$2,099,917	\$508,843

1962—Classes and Positions Recommended for Increases by Judiciary Committee, Additional to Those Recommended by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
214	3,209	\$ 741,008	\$ 77,065
Total 1962 . . . 745	9,245	\$2,840,925	\$585,908

*340 classes, 1,757 positions not included for increase by Civil Service Commission.

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain the maxima of their respective salary ranges.

Your Judiciary Committee has held a considerable number of meetings in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons, and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered. It was particularly encouraging to note that several other Board members were in attendance on the various evenings of our meetings and that the Committee was afforded a full measure of the advices which their colleagues so freely, cordially, and cooperatively gave.

Statement by Supervisor McMahon.

I had to disagree in some 80 instances with the majority members of the Committee for the reason that I could find nothing in the data presented to us which justified making the increases which were recommended by the majority members of the Committee.

I believe that under salary standardization provisions of the Charter we cannot raise beyond the going rate of salaries within the State, we can go up to them but not beyond them. For example, the School Custodians and Janitors. I was willing to bring the Janitress up to Janitor, and School Custodian, Female, up to School Custodian, Male.

I call attention to data which shows top union scale for Janitors \$382, private employment up to \$400 and public employment \$377. The Commission recommended a top of \$405, the Committee increased it to \$436. The increase in Janitor classification will cost the City over \$300,000 without anything in the data to justify it.

In almost every instance where I voted to disagree with the majority members the same conditions prevailed, in a few instances I disagreed because the position was not filled.

After the Committee hearings were concluded the Committee voted an increase for the classification of B152 Court Room Clerk by providing \$35 per month in addition when regularly assigned as clerk for the Domestic Relations calendar.

In response to inquiry of Supervisor Morrison, Mr. Grubb, General Manager and Personnel Director, stated that the proposed increase for Court Room Clerks while acting as Clerk for Domestic Relations calendar was not referred to the Civil Service Commission, the rate referred to the Civil Service Commission was \$764.

Mr. Blanchard, Deputy City Attorney, advised that once a reference is made to the Civil Service Commission, which is the highest rate requested, that is the highest rate the Board can approve, and in view of the fact that there are other classes which would be affected by this increase, the \$35 should not be adopted without a report.

Supervisor Morrison, seconded by Supervisor Tinney, moved that the recommended salary range for the position of B152 Court Room Clerk be amended by deleting therefrom the following: "\$35 per month in addition when regularly assigned as clerk for the Domestic Relations calendar."

Motion to amend *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Ferdon—1.

(N.B. See *infra* for rescission of action.)

Supervisor McMahon continued, for many years the Court Room Clerk has always been promotive from the position of Law Clerk, but the Committee has seen fit to recommend that they be put on a parity, and, there being no substantiating data, I disagreed with the recommendation.

In response to inquiry by Supervisor Dobbs, Supervisor Tinney explained that in his opinion the positions of Court Room Clerk and Law Clerk are interchangeable, the Law Clerk relieving the Court Room Clerk during periods of absence, and the Court Room Clerk being assigned to Law Clerk work during the Judge's absence.

On Janitors and School Custodians, understand that for many years there was a differential between these positions and also between male and female employees. On motion of Supervisor McMahon the Committee equated male and female employees.

Presentation was made before and to the Committee that the work performed by Janitors and School Custodians was comparable and

should be compensated accordingly. Civil Service Commission advised us there was a closer screening of applicants for school custodians because of where they work, but that is not necessarily true because many Janitors come in contact with small children when assigned to playgrounds, and similar places.

Data upon data was brought in by both Janitors and School Custodians showing that the salary in surrounding jurisdictions was higher than the data submitted by the Commission, and we believed it was only proper to apply the data from the surrounding counties.

Mr. Blanchard, in response to inquiry of Supervisor Dobbs, stated that the charter requirement is that the rate be in accordance with other prevailing rates; that does not mean that it cannot exceed rates supported by the data, that question has been decided by the courts. Courts have said they would not overrule the decision of the Board of Supervisors unless its action was purely arbitrary, and a palpable abuse of discretion.

Supervisor Tinney remarked that a review of the file indicates that a letter requesting \$35 for the Court Room Clerk who is assigned as Clerk of the Domestic Relations calendar had been referred to the Civil Service Commission for report.

Supervisor Tinney, seconded by Supervisor Morrison, moved that the Board rescind its action whereby it reduced the recommended salary for B152 Court Room Clerk by deleting "\$35 per month addition when assigned as clerk of the Domestic Relations Calendar."

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Ferdon—1.

Supervisor Dobbs moved that the recommended salary range for the position of B160 Law Clerk be reduced from \$628-764 to \$584-710.

Motion lost for want of a second.

Supervisor Dobbs, seconded by Supervisor McMahon, moved that the recommended salary range for the position of 2714, Janitor, be reduced from \$358-436 to \$333-405.

Motion defeated by the following vote:

Ayes: Supervisors Dobbs, McMahon—2.

Noes: Supervisors Blake, Boas, Casey, Ertola, Halley, Morrison, Tamaras, Tinney—8.

Absent: Supervisor Ferdon—1.

Supervisor Dobbs, seconded by Supervisor McMahon, moved that the recommended salary range for the position of 1706, Telephone Operator, be reduced from \$358-436 to \$350-425.

Motion defeated by the following vote:

Ayes: Supervisors Dobbs, McMahon—2.

Noes: Supervisors Blake, Boas, Casey, Ertola, Halley, Morrison, Tamaras, Tinney—8.

Absent: Supervisor Ferdon—1.

Supervisor Dobbs explained that even though the Board had acted adversely upon his motions he would not vote against the Salary Standardization Ordinance, because although there are a few unwarranted increases, he did not believe that the deserving City employees should be penalized.

Thereupon the roll was called on Supervisor Tinney's motion to amend and it carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Ferdon—1.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Ferdon—1.

Supervisor Tinney requested that the Clerk refer to Civil Service Commission for review and analysis such data as was submitted to the Board in support of recommended increases in salary range.

No objection and *Clerk directed to comply.*

The following recommendations of Public Buildings, Lands and City Planning Committee were taken up:

Amending Sections 209 and 209.2 of the City Planning Code, to Provide for Authorization of Parking Lots as Conditional Uses in a C-3 District.

File No. 93-62, Ordinance No. . . .

Supervisor Dobbs remarked he did not believe that the City Planning Commission should be given authority to determine whether or not a building could be removed by the owner if he ascertains it is economically unfeasible to maintain the building, and he disagreed with the contention that downtown San Francisco would deteriorate as the result of converting property into parking lots. Supervisor Dobbs concluded by stating in his opinion zoning is sufficient to control the use of the property.

Supervisor Tinney said the intent of the legislation was to continue the power of the people over property so it would not damage the downtown area. There would not be any interference with the right of people to use their property, but it would give the City Planning Commission control over the future use of the property, and the only restriction which would be imposed upon such use would be if it were intended to convert it into a parking lot, then the property owner would have to apply to the City Planning Commission for a conditional use permit.

Supervisor Halley remarked he believed that the owner of property is entitled to all of the rights in the property and to the full use of his property. Supervisor Halley said he was opposed to the legislation because it was fundamentally wrong inasmuch as it places under a transient commission the authority to dictate the uses to which property can be put, and the theories in connection with proposed uses might change from commission to commission.

Supervisor Halley, seconded by Supervisor Casey, moved that consideration be continued for one week, that the legislation be referred to the City Attorney for a complete digest thereof, and that he report back to the Board by next Monday.

Motion refused adoption by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Halley, McMahon—5.

Consideration Continued.

Requesting Study and Report on (1) Use of Hunters Point Area Substantially for Moderate-Priced Private Housing, and (2) Relocation of Displaced Hunters Point Residents.

File No. 71-62, Resolution No. . . .

Supervisor Halley stated he was opposed to the legislation because of the dangerous precedent it would establish, and urged that the Board refuse to permit the Housing Authority to proceed any further to socialize the construction of homes in San Francisco.

Supervisor Boas remarked he was in favor of the legislation because it would result in a reduction of the purchase price of the land, the interest rate to be charged the developer, and provide a nominal profit for his efforts, which will mean a reduced price to the ultimate purchaser.

Supervisor Tinney explained that the existing housing in the area must be demolished because it is only temporary war housing and also it is incumbent upon the Board to solve the existing problems in the area. This will be the first attempt to try to provide moderate priced housing, and it will be made available to all the people of San Francisco.

Supervisor McMahon remarked that the Board would be creating a permanent subsidized neighborhood which would result in a segregated area, and she did not believe the Board should approve such a proposal.

Supervisor Ertola, seconded by Supervisor Halley, moved that consideration be continued for one week to permit further study of the proposal.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahon—6.

Noes: Supervisors Boas, Ferdon, Morrison, Tamaras, Tinney—5.

Authorizing City Bond Issues to Be Placed Before State Propositions on the June 5, 1962 Ballot.

Supervisor Dobbs stated he was concerned with the fact that the State propositions would precede the City bond issues on the June 5, 1962 ballot, and if there are many State propositions it might hinder the Airport Garage Bond Issue's chances of securing the necessary votes to pass.

Supervisor Dobbs thereupon inquired of the City Attorney whether or not it would be advisable to request the Registrar of Voters to place City bond issues on the ballot before the State propositions.

Mr. Blanchard, Deputy City Attorney, advised he did not believe that the Registrar of Voters could legally follow the request of the Board, because the legislation which authorized the submission of State propositions to the electorate provides that they be placed first on the ballot. Also, there are certain sections of the Elections Code which indicate that local measures follow State measures.

Requesting Study and Report on (1) Use of Hunters Point Area Substantially for Moderate-Priced Private Housing, and (2) Relocation of Displaced Hunters Point Residents.

File No. 71-62, Resolution No. 236-62.

Reference to Committee.

Requesting Ultimate Conveyance of All Land on Which Ridge Point and Wisconsin Housing Projects Are Situated to the City and County, for Disposition Under Charter Provisions.

Supervisor Halley presented:

File No. 71-62-1, Resolution No. . . .

Referred to Joint Finance and Public Buildings, Lands and City Planning Committee.

Supervisor Halley stated he had inquired of the City Attorney whether or not the covenant intended to be incorporated into the

agreement of sale of property in the Hunters Point area, prohibiting the resale of the property to other than the project developer, would be effective against subsequent purchasers under the original vendee.

Supervisor Halley thereupon presented a communication from the City Attorney recommending that before such covenants are incorporated into any agreements they should be carefully scrutinized to make certain they do not violate the rule against perpetuities or unduly restrict the alienation of property.

Ordered filed.

Supervisor Halley, seconded by Supervisor Blake, moved that the calendar item be referred to the Joint Finance and Public Buildings, Lands and City Planning Committee for additional study.

Supervisor Boas explained he was going to vote against the motion because the Board has already gone on record as being in favor of moderate income housing, and while the legislation would provide for a land grant subsidy such subsidy was enacted into law by the 1961 Housing Act for the purpose of decreasing the cost of housing in the metropolitan areas.

Supervisor Tinney said he was going to vote against the motion because the legislation was thoroughly considered by the Committee and the members of the Board have had an opportunity to make their own investigation. The matter is not a definite commitment to a final step, it calls only for exploration of possibility of using the area for moderate priced housing, preparation of a plan and submission thereof to the Board.

Motion defeated by the following vote:

Ayes: Supervisors Blake, Ertola, Halley, McMahon—4.

Noes: Supervisors Boas, Dobbs, Ferdon, Morrison, Tamaras, Tinney—6.

Absent: Supervisor Casey—1.

Thereupon the roll was called on the question on adoption of the foregoing measure, and it was as follows:

Ayes: Supervisors Boas, Dobbs, Ertola, Ferdon, Morrison, Tamaras, Tinney—7.

Noes: Supervisors Blake, Halley McMahon—3.

Absent: Supervisor Casey—1.

Before the result of the foregoing roll call was announced Supervisor Halley changed his vote from "No" to "Aye" for the purpose of moving for immediate reconsideration.

The Chair thereupon declared that the foregoing measure was *adopted* by the following vote:

Ayes: Supervisors Boas, Dobbs, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—8.

Noes: Supervisors Blake, McMahon—2.

Absent: Supervisor Casey—1.

Suspension of the Rules.

Supervisor Halley, seconded by Supervisor Blake, moved suspension of the rules for the purpose of moving for immediate reconsideration to permit the submission of an amendment to the legislation.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Supervisor Halley, seconded by Supervisor Blake, thereupon moved that the vote whereby the foregoing measure was adopted be reconsidered.

Motion to reconsider *adopted* by the following vote:

Ayes: Supervisors Blake, Boas, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Supervisor Halley, seconded by Supervisor Blake, moved that the legislation be amended by adding a "Further Resolved" to read as follows: "Further Resolved, That any intent implied or that can be read into the above will be revocable at the will and pleasure of the Board of Supervisors."

Supervisor Morrison stated he was going to vote against the amendment because in his opinion it was mere surplusage.

In response to inquiry of Supervisor Ferdon, Mr. Blanchard, Deputy City Attorney, stated that although legally the proposed amendment is surplusage there was no harm in including it in the resolution.

Motion to amend *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McMahon, Tamaras—6.

Noes: Supervisors Boas, Ferdon, Morrison, Tinney—4.

Absent: Supervisor Casey—1.

Attorney.

Adopted.

**Motion—That the Chief Administrative Officer and the Director of
Property Be Requested to Postpone Sale of Old Hall of Justice
Property From May 1, 1962 to October 1, 1962, in Order That the
City Planning Department May Complete Its Study of Appropriate
Land Uses in the Related Downtown Area.**

File No. 722-60

Supervisor Halley stated he was opposed to the motion because
when the bond issue for the construction of the new Hall of Justice
was being considered it was stated that the money received from
the sale of the old Hall of Justice property would go into the General
Fund and be used to reduce the bond interest and redemption on
the proposed bonds; also, the purchase of property for the new
Central Police Station was predicated on the sale of the property.

Supervisor Halley further remarked that the Director of Property
has advertised the sale of the property for May 1, and the City has
given prospective bidders the assurance that the successful bidder
would be able to acquire the property on that date.

Ayes: Supervisors Blake, Boas, Dobbs, Ertola, Ferdon, Morrison,

President Peter Tamaras presiding.

Approval of Journal.

There being no objection the Journal of Proceedings for the meeting of Monday, April 23, 1962, was considered read and approved.

Taken Up Out of Order.

Passage for Second Reading.

There being no objection, on motion of Supervisor Boas, seconded by Supervisor Morrison, the following recommendations of Public Buildings, Lands and City Planning Committee, appearing on the calendar under New Business, were taken up out of order.

Amending the City Planning Code by Adding Sections 214, 214.1 and 214.2 Thereto, to Provide for the Creation of Special Height Districts, to Establish a 40-Foot Height Limitation in the Northern Waterfront Area, and to Incorporate Said Area Into the Zoning Map; by Amending Section 105 to Delete Reference to Numerical Designation of Sectional Maps of the Zoning Map; and by Amending Section 304 to Provide Regulations for Planned Unit Developments Within Said Northern Waterfront Area.

File No. 320-61, Ordinance No.

The Chair stated that permission had been requested to report the hearing with the understanding that a copy of the transcript would be submitted to the Clerk.

No objection and *permission granted*.

Supervisor Tamaras in explaining his vote stated he would vote for the legislation but he believed that the City Planning Commission should work out a better solution than imposing a 40-foot height limitation.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Amended—Consideration Continued.**Requesting Comprehensive Planning Study of and Recommendations for the Northern Waterfront Area.**

File No. 212-62, Resolution No.

Supervisor Ferdon questioned the length of time for the conduct of the survey, and expressed his doubts relative to the ability of the City Planning Commission to conduct its public hearings during the summer months.

Gardner Mein, President of the City Planning Commission, stated he would like to have the time extended to October 1, 1963.

Supervisor Halley inquired whether or not the action of the Board in adopting the resolution would be interpreted by the City Planning Commission as the Board's policy that during the period of the survey no application for a variance from the provisions of the City Planning Code be approved.

James R. McCarthy, Director of Planning, remarked that would be a factor to be taken into consideration by the City Planning Commission if an application were to be presented for modification of height limitation during the period of the survey.

Supervisor Halley stated he believed the resolution should be amended to provide that there shall be no construction placed upon this particular resolution which will deprive anyone of the rights previously established in appealing any actions of the City Planning Commission, and this resolution is not to be construed as a policy for the arresting of the effect of the existing Planning Code in relation to this particular area, in the event an application is made for the granting of a variance from the provisions of the Code.

Supervisor Ferdon, seconded by Supervisor Tinney, moved that the legislation be amended by amending the "Resolved" to change the word "August" to "October."

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Supervisor Halley, seconded by Supervisor Blake, moved temporary postponement to permit the City Attorney to prepare an appropriate amendment to incorporate provisions to protect the rights of the property owners to apply for a variance.

No objection and motion *carried*.

The Board resumed consideration of the Calendar items in the order set forth therein.

Mr. Blanchard, Deputy City Attorney, in response to inquiry of Supervisor Dobbs, stated that legally speaking the language was surplusage.

Supervisor Halley thereupon requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Halley explained he was voting for the legislation with the understanding that no rights of any individual with reference to an application for a variance shall be impaired by the existence of this resolution, and neither shall it be construed as the policy of this Board, nor a direction to the Planning Commission, that any part of this resolution shall work against any application for a variance in the areas affected by the amendments to the City Planning Code relating to the 40-foot height limitation in the Northern Waterfront Area, heretofore passed for second reading by the Board at this meeting.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MAY 14, 1962 — 2:00 P. M.

In meeting of the Board of Supervisors, San Francisco, Monday, May 14, 1962—2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Quorum present.

President Peter Tamaras presiding.

Approval of Journal.

There being no objection the Journal of Proceedings for the meeting of Monday, April 30, 1962, was considered read and approved.

Taken Up Out of Order.

Passage for Second Reading.

There being no objection, on motion of Supervisor Casey, seconded by Supervisor Tinney, the following recommendation of Police Committee, appearing on the calendar under New Business, was taken up out of order:

Amending Section 1135 of the Police Code, to Provide for Increase in Rates of Fare for Taxicabs.

File No. 434-61, Ordinance No. . . .

Supervisor Casey explained that during its hearing the Committee depended upon the recommendations of the staff of the Controller's Office and the Rate Engineer, and it was convinced that the increase recommended was necessary.

Supervisor Dobbs stated he had not received sufficient information to convince him that a rate increase was justified, and thereupon propounded various questions to Mr. Laughead, Chief Valuation and Rate Engineer, relative to the manner in which the investigation was conducted, and the records and reports of the Yellow Cab Company, and its subsidiaries, which had been reviewed.

Supervisor Dobbs concluded by saying he did not believe the Board could properly act upon the legislation without making a more thorough investigation, that the Board should be in a position to say it is not satisfied and will not give a rate increase until Yellow Cab Company makes available all necessary figures to properly determine the matter.

Supervisor Tinney remarked that the Committee recommendation was based upon process available to the Committee, and in his opinion the investigation conducted by the staff was complete and thorough. Supervisor Tinney then explained the various questions which he personally had asked of the representatives of the Yellow

Cab Company, including interrogations concerning the difference in the price of gasoline sold to the City and County and that purchased by Yellow Cab Company; the value at which the taxicab permits were carried on the company's books, and the number of cabs which were used daily.

Supervisor Tinney concluded by stating that the question of the use of the permits is a matter for the Police Commission to determine, if they find that the permits are not being used then they should be revoked.

Supervisor Blake explained he was going to vote against the legislation because he believed the people of San Francisco were being asked to subsidize the Yellow Cab Company.

Supervisor Ferdon explained he was going to vote for the legislation, but he was of the opinion that the manner in which the cab companies report to the City should be changed. Supervisor Ferdon suggested that the Board should adopt a standard form, in keeping with State and Federal requirements, so that the monthly and annual reports submitted by the cab companies will contain the same information which is required to be furnished by them when they are requesting a rate increase.

Supervisor Ferdon thereupon requested that the Clerk direct a communication to the City Attorney asking that he prepare an amendment to the appropriate section of the Police Code to prescribe the format of said reports.

No objection and *Clerk directed to comply.*

Passed for Second Reading by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—8.

Noes: Supervisors Blake, Dobbs, McMahon—3.

The Board thereupon took up the Calendar items in the order set forth therein.

Annual Budget of the City and County of San Francisco for the Fiscal Year 1962-1963.

File No. 100-62

Budget Statement of Supervisor Harold S. Dobbs on Behalf of Finance Committee.

The Finance Committee presents to you today the proposed budget of the City and County of San Francisco for the fiscal year 1962-1963. The Committee recommends it unanimously, and asks that it be adopted at a recessed meeting of the Board of Supervisors on May 16, after approval of the amendments proposed by the Committee.

Two itemized lists of Finance Committee recommendations have been furnished you which, together with the two volumes of the budget, and the supplemental budget requests, will provide you with a comprehensive budget report.

The members of the Finance Committee reviewed each item as their individual consciences dictated, in what each deemed the best interests of the community, and have agreed that their recommendations shall come to the Board with complete unanimity.

Budget Totals and Tax Rate: The budget estimates submitted by the departments to the Mayor totaled \$332,347,974, exclusive of salary standardization adjustments and supplemental budget requests. That figure represented an increase of \$54,601,531 over the budget as approved for the current fiscal year, exclusive of bond funds.

The budget, as submitted by the Mayor to the Board, including increases made mandatory by salary standardization requirements of the Charter, aggregates \$316,606,358, exclusive of bond funds.

In addition, the Mayor submitted supplemental budget requests aggregating \$3,223,401. Of that amount, the Committee has declined to recommend inclusion of \$547,898. Thus, the total reduction recommended by the Committee is \$1,365,379, subject, of course, to certain other adjustments in retirement allowances which will be computed by the Controller.

The Finance Committee has held over a dozen meetings to consider the voluminous proposed budget. After exhaustive scrutiny, and with the objective of effecting expenditure curtailments without impairment of essential services, we recommend a reduction in the budget of approximately \$817,481 (to be computed exactly by the Controller's staff following adoption of the budget and establishment of firm revenue estimates).

It appears inevitable that there will be an increase in the ad valorem tax rate. The precise amount of the increase cannot be ascertained at this time because of revenue and other adjustments anticipated prior to September when the tax rate will be fixed. The expanded governmental services which our citizens expect and demand, and the accompanying inflationary economic trend, leave no alternative to the increase. Our most effective method of combatting the trend is firm insistence upon economy of operation in all our departments, and to that course your Finance Committee is and will be dedicated.

We cite the following examples of the budget items over which, among others, the Board has no control: Board of Education budget (\$58,496,383); salary requirements for all employees, including increments made mandatory by the voters' approval of Charter salary standardization methods applicable to miscellaneous employees, firemen, policemen, groups and crafts governed by collective bargaining agreements, platform employees and coach and bus operators (\$152,-244,618); retirement contributions (\$16,572,515); Health Service System contributions (\$1,388,092); Social Security contributions (\$2,057,481); cost of constructing, maintaining and improving libraries (\$592,887); parks and squares (\$1,482,218); playgrounds (\$1,003,753); Art Commission, for a symphony orchestra (\$74,110); streets, sewers and buildings (\$9,835,913); elections (\$491,048); civil service (\$74,110); San Francisco Bay Area Air Pollution Control District (\$141,075); bond interest and redemption (\$34,248,501).

The absence of Supervisorial control over these items and others stresses the correlative that there is a relatively minor portion of the total budget over which the Board may exert any control. The Board's jurisdiction extends mainly to items for contractual services, personal services, equipment, materials and supplies, and capital expenditures.

Specific Items: Since a few of the items which appear in the budget before you have attracted more than average public interest as reflected in correspondence, press reports, personal contacts, and otherwise, I should like to recall your attention to them specifically and briefly:

New Employments: Department heads requested a total of 1,000½ new employments. The Mayor reduced that number to 378½. The Finance Committee recommends that the Board allow 370½. Of the latter number, 120 will be assigned to the Department of Public Health, and 123½ are requested by the San Francisco Unified School District. Since the personal service total is the largest single factor in the budget, exceedingly careful review was accorded each request for a new position. Favorable Committee action was accorded only to those which were justified by urgent public need.

Civil Service Classifications: The new employee classification plan of the Civil Service Commission involves for budget purposes at this time the reclassification of 3,681 positions at a total increased cost of \$330,810. While this would appear to be anything but the economy

promised when the plan was first broached, we are assured by the General Manager of Personnel that the savings effected in certification of personnel to reclassified positions during the forthcoming fiscal year will more than offset the initial increase.

Water Department: An item of \$1,250,000 for construction of a new Corporation Yard has been recommended. The facility will serve the needs of the Water Department for a great number of years in the future, and specific plans and specifications have now been prepared. In the past, the Finance Committee was of the opinion that serious thought should be given to the possible consolidation of certain departmental activities so that greater economies can be effected. One of the measures of economy which it believed might have been explored in greater detail is that of removing the department's Mason Street headquarters to the new structure to be located in the proposed Corporation Yard, thereby effecting a concentration of activities which may be desirable from an economic and operational standpoint. However, the Public Utilities Commission, the Manager of Utilities, and the General Manager of the Water Department apparently feel that the consolidation idea is worth little, if any, attention; and the Committee recognizes the Charter edict that they shall be vested with complete jurisdiction over operation of the utilities.

Department of Public Health: Particularly sympathetic review was given to the needs of San Francisco General Hospital. Stress was laid upon the desirability of leaving relatively undisturbed, the budgetary requests as submitted to the Board by the Mayor for new personnel and equipment, and for contract activities of the University of California Medical School.

The budget applicable to Laguna Honda Home reflects increases mainly attributable to the opening of two rehabilitation wards during the current year and perpetuation thereof during the forthcoming fiscal year.

The Community Mental Health Services demonstrated a need for augmentation of its program undertaken pursuant to provisions of the Short-Doyle Act.

Electronic Data Processing: A \$449,538 appropriation has been recommended, with which to continue with the second year of the program for conversion from tabulating (electro-mechanical) systems, to a computer (electronic data processing) system. This appropriation will provide training of permanent staff members, consultants, equipment rental, materials and supplies. The potential economic advantage to the city, represented by this change in accounting performance, is great and although its realization will necessarily be deferred pending full utilization of the new processes, the city will be following the example of all progressive private and governmental corporations in adopting the computer system.

Public Library: The Committee has recognized the need for construction of branch library facilities in the Excelsior and Western Addition Districts. It is conceded that the items recommended represent a departure from strict observance of the Budget Priority Committee's recommendations, but the members of the Committee feel that the human values involved, and the needs of the particular districts, as they appear to the Supervisors as elected representatives of the people, warrant special consideration at this time.

Art Commission: During the current fiscal year, the Board of Supervisors appropriated \$5,000 with which the Art Commission was to prepare preliminary plans for the conduct of an international competition to provide works of art for the enhancement of the Civic Center Plaza, with the understanding that the Art Commission would submit a budget request for completion of the competition and creation and construction of the winning competitor's product. Accordingly, the Art Commission has requested an appropriation

(\$257,840) for said purpose, and upon the basis of further reports and such preliminary plans, the proposed appropriation has been recommended by the Finance Committee.

Publicity and Advertising Fund: The budget estimates reflect a request of \$1,000,000. The Chief Administrative Officer has submitted to the Finance Committee a list of proposed expenditures from said requested amount, which indicates the activities which will be supported for the coming fiscal year. It is emphasized that all appropriations to the publicity and advertising fund will be financed through revenues to be derived from the transient hotel room tax.

San Francisco will benefit from solid value for the tax dollars this budget represents. It meets the city's needs realistically with due concern for the taxpayer's pockets from which the dollars must come.

The increase in terms of spending *which is controllable* by the Mayor and by this Board, is approximately 4% or \$12,000,000, to meet the city's growing needs. Yet provision has been made for such significant items as funds to make available a substantial number of additional policemen for street duties, funds for critically needed street lighting on Sunset Boulevard, funds to start the development of the Sunnyside Park Playground, funds for two new branch libraries in the Western Addition and Excelsior Districts and other necessities.

It is significant that only in the area of items beyond the Board's and Mayor's control, principally through action of the State Government, has this budget been forced upwards, substantially—some \$30,000,000 or 71% of the total budget increase. These are actions over which the Mayor and the Board of Supervisors have no control.

I would like to take this occasion to commend the members of this Board—and the Mayor—for doing everything humanly possible to keep the budget increase to an absolute minimum.

The Clerk stated that in connection with the item of \$330,810 for position reclassifications, pursuant to Civil Service Commission reclassification survey, it was the recommendation of the Finance Committee that said item be modified in accordance with the following communication from his Honor, Acting Mayor Dobbs.

The Honorable
The Board of Supervisors
235 City Hall
San Francisco 2, California

Gentlemen:

I am forwarding to you a supplemental budget request submitted by the Recreation and Park Department covering reclassification and retitling of various positions.

This request was received in the Mayor's Office on Tuesday, May 15th. It had been delayed because of a question relative to the reclassification of 49 Gardener positions. This request as submitted by the Recreation and Park Department does not conform with the classifications as established by the Civil Service Commission relative to these positions. The balance of the request is in conformity with Civil Service recommendations and is the same as the supplemental budget request previously submitted.

Time did not permit the resolving of this question and still enable me to submit the request for consideration by your honorable Board. I have therefore reduced the number of Gardener positions being established to allow only those positions continued as Gardeners by the Recreation and Park Department in conformity with the Civil Service Commission recommendations. However, I have not adjusted the funds requested but have allowed the full amount for 297 positions. The question as to the proper classification of the positions I have eliminated will be resolved prior to the 1st of July and can be adjusted at that time within the funds provided. These funds of course will be reserved for this adjustment.

I have reviewed this procedure with the City Attorney, the Controller, the Recreation and Park Department and the Civil Service Commission as well as the counsel for the union and all have agreed that under the circumstances this is the most feasible solution to our immediate problem and is a proper and legal decision to protect the rights of all parties concerned including the City and County of San Francisco.

The total number of positions required, 297, has been established through many budget hearings as being necessary for the proper operation of the department and is the basis for my allowance for the full amount of the funds in this request. I might also point out that any surpluses which might develop when the proper classifications are determined will be known in time to be considered as available funds prior to the establishment of the tax rate for 1962-1963.

With every good wish, I am

Sincerely yours,
Harold S. Dobbs
Acting Mayor

Motion Proposing Finance Committee's Amendments to the Annual Budget.

Supervisor Dobbs: On behalf of the Finance Committee, I move that the annual budget, as submitted by the Mayor, be amended in accordance with the recommendations of the Committee as set forth in the two lists presented to the Board. Seconded by Supervisors Ferdon and Halley.

Seconded by Supervisors Ferdon and Halley.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Motion Re Permanent Interdepartmental Positions.

Seconded by Supervisors Ferdon and Halley.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Motion Re Rates of Pay for Construction Work Outside City.

Supervisor Dobbs: I move that the Controller be hereby authorized and directed (1) to adjust interdepartmental appropriations of Requesting Departments' Budgets to reflect the amounts allowed by this Board in the Performing Departments' Budgets, and (2) to correct such clerical or computational errors as may be ascertained by him to exist in the budget as adopted by this Board, and that a list or lists of such adjustments and such corrections be filed by said Controller with the Clerk of the Board. Seconded by Supervisors Ferdon and Halley.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Motion to Approve Certain Supplemental Budget Requests Made Necessary by Salary Standardization.

Supervisor Dobbs: I move that the proposed annual budget be amended by including therein items appearing in the supplemental budget requests approved by the Mayor and enumerated in the various departmental estimates, which items arise from salary standardization provisions and cover the following objects of expenditure: Services of other departments, related salary adjustments, retirement allowances, social security charges, and Health Service charges, which will be subject to adjustment by the Controller. Seconded by Supervisors Ferdon and Halley.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Motion to Amend the Annual Budget So as to Reflect the Renumbering and Retitling of Certain Civil Service Positions.

Supervisor Dobbs: I move that, with respect to those civil service positions created or continued in the annual budget which have been assigned new class numbers and titles arising out of the Civil Service Commission's general classification survey and which do not involve status problems or a significant change in job content, the annual budget be amended to reflect said new class numbers and titles. It is understood that adoption of this motion will permit the Annual Salary Ordinance to be published initially so as to reflect new classification designations, thus avoiding the undue consumption of time, the effort, and the expense of publishing it first with the old classification designations as originally set forth in the annual budget, and republishing later with the new classification designations assigned by the Civil Service Commission. Seconded by Supervisors Ferdon and Halley.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Motion for Adoption of the Annual Budget as Amended.

Supervisor Dobbs: I move that the annual budget be adopted, as amended by the Board of Supervisors; that the Controller be instructed to prepare the Annual Appropriation Ordinance to reflect said budget; that the Civil Service Commission be instructed to prepare the Annual Salary Ordinance in conformity with that Commission's classification of positions, and the 1962 Salary Standardization Ordinances, to reflect the positions continued or created by the Board of Supervisors in the adoption of said budget; and that the Annual Appropriation Ordinance and the Annual Salary Ordinance be transmitted to the Board of Supervisors for its action on Friday, May 25, 1962. Seconded by Supervisors Ferdon and Halley.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

(Supervisor Tinney dissenting from recommendation.)

Amending Section 1183, Police Code, to Prohibit the Loading or Unloading of Passengers of Certain Buses Within a Designated Downtown Area.

File No. 340-61-1, Ordinance No.

Supervisor Tinney, seconded by Supervisor Halley, moved passage for second reading.

Supervisor Halley, seconded by Supervisor Tinney, moved that the legislation be amended by amending Subsection b, fifth line, after the word "San Francisco," by adding the following: "between the hours of 9:30 a. m. and 9:30 p. m., for the period December 17 through December 27, and between the hours of 9:30 a. m. and 6:00 p. m., at all other times, Sundays and holidays excepted."

Supervisor Casey explained it was the thinking of the majority of the Committee that no action should be taken on the legislation until such time as the Police Department could make an objective study of the area, with particular attention to the block involved, to determine whether or not the operation creates a traffic condition, and also that they weigh the effect of the amendment proposed by Supervisor Halley and the amendment suggested by Supervisor McMahon, that the provisions of the legislation should also apply to sightseeing buses, with relation to the traffic situation in the immediate and surrounding area.

Supervisor Tinney stated he had no objection to the making of the study and suggested that if a study were made that the Fire Department should investigate and report on whether the operation constituted a fire hazard.

Supervisor Halley thereupon requested permission to withdraw his motion.

No objection and motion *carried*.

Supervisor Ferdon, seconded by Supervisor Tinney, moved that the Police and Fire Departments be requested to institute the necessary studies and submit their reports and recommendations to the Board, and that consideration of the legislation be continued until such time as said reports and recommendations are received.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Consideration Continued.

The following recommendation of Streets Committee was taken up:

Requesting Study of Feasibility and Preliminary Plans for a Crosstown Vehicular Tunnel Under the Pacific Heights Area, Connecting the Central Freeway and the Existing Approach to the Golden Gate Bridge Within the Presidio.

File No. 582-59-1, Resolution No.

There being no objection, on motion of Supervisor Boas, seconded by Supervisor Tinney, the following from Streets Committee with recommendation "Do Not Pass" was considered in connection with the foregoing item:

(Supervisor Boas dissenting from recommendation.)

Requesting Study of Feasibility and Plans for Panhandle Parkway Connecting the Central Freeway and Park-Presidio Boulevard Approach to the Golden Gate Bridge.

File No. 66-62, Resolution No.

Supervisor Blake explained the necessity for the construction of the crosstown tunnel, and compared the difference in cost, taking of private property and interference with park property between the Crosstown Tunnel and the Panhandle Parkway.

Supervisor Boas remarked he had been informed by a representative of the State that if the Board recommended the undertaking of only one study the State would not be agreeable because any study must encompass all possible alternate routes.

Supervisor Boas continued that although the Crosstown Tunnel would cost more it was his opinion that this item should not be the deciding factor, and the Board should adopt the route which would best serve its purpose in the handling of the anticipated increase in traffic. As far as the taking of private property was concerned, Supervisor Boas said he believed approximately the same would be taken without regard to which route was eventually approved.

Supervisor Boas expressed the concern of the Committee with respect to the taking of park property and stated he had prepared an amendment to the legislation as a safeguard against this possibility, which would provide that the City and State would have an equal voice in the study of the routes and alternates.

Supervisor Boas reminded the Board that the legislation called for a study only, there was no commitment on the part of the Board, and said he was in favor of enacting both resolutions.

Supervisor Boas concluded by stating that in order to protect the interests of the City he had prepared a number of amendments to the Panhandle Parkway legislation to incorporate the following safeguards: (1) joint study of all possible routes; (2) consideration of alternate Panhandle Parkway routes; (3) City as equal partner with

the State and if any safeguards are violated department should inform the Board; (4) landscape architect should report any disagreements to the Board; (5) reaffirmation of opposition to the Western Freeway; (6) study should also be made of possible use of said routes for rapid transit purposes.

Supervisor Halley remarked that the Board has previously gone on record as endorsing the action of the Recreation and Park Commission in opposing the construction of any freeway through Golden Gate Park, and he was going to vote accordingly.

Supervisor Ertola explained he was opposed to the Panhandle Parkway because he believed it was only a step to putting a freeway through Golden Gate Park and it eventually would become part of the Western Freeway.

Supervisor Dobbs stated that in all candor it might be said that the Crosstown Tunnel has never been the subject of sympathetic consideration by impartial engineers. He was going to vote for the study and believed it should be studied thoroughly, impartially and, if necessary, by engineering experts other than those connected with the State Department of Highways.

Supervisor Dobbs continued that he was impressed with the concept of the Crosstown Tunnel, and if feasible for all time it would rule out the threat of extension of the Central Freeway. Unless there are faults to be found not apparent to the eye, it will provide an entirely new traffic route, leaving intact present street routings and people's property and homes.

Supervisor Dobbs explained he was also going to vote for the study of the Panhandle Parkway, although he was particularly concerned with what a study of the proposal would reveal in terms of the dislocation of property. It is not a matter to be taken lightly, and the Board must be in full possession of the facts prior to any determination on whether the route is feasible.

Supervisor Dobbs concluded by stating that the only way the Board can know if these two proposals will fit into any proposed freeway system will be to evaluate them factually and impartially.

Supervisor Tinney remarked that some of the fears which have been presented were obviously presented merely to cast ridicule upon the Panhandle Parkway.

The Board reserves the right to pass upon the studies and the Board will keep within its complete jurisdiction the route of the proposed Parkway. At this time we do not know what the end result of joint studies would be, that he was going to vote in favor of study for the tunnel but whether he would ever vote in favor of its construction he would not know until the reports of the studies are made available to the Board; also, going to vote in favor of the Panhandle Parkway study, but again would not know whether he would vote for its construction until the reports are submitted.

Supervisor Ferdon explained he was prepared to vote for both proposals and believed that such study should also consider the possibility of using such routes for rapid transit.

In response to inquiry of Supervisor Blake, Mr. Joseph Sinclair, Assistant State Highway Engineer, explained that in order for the State to undertake a study it must be necessary to look into all possibilities for making a finding; the study of only one will not permit us to do that, and therefore we could not make a study of the tunnel alone.

Supervisor Halley stated that in view of the fact Supervisor Boas has a number of amendments to submit, consideration should be continued until such amendments could be submitted to the members.

Supervisor Boas, seconded by Supervisor Halley, thereupon moved that consideration of the foregoing measures be continued for one week.

No objection and motion *carried*.

Adopted.

The Board resumed consideration of the recommendations of Streets Committee.

The Board resumed consideration of the following recommendation of Public Buildings, Lands and City Planning Committee, heretofore considered and temporarily postponed.

Granting Revocable Permission to Arguello Park Community Inc., to Occupy a Portion of the Property on Which the Richmond Police Station Is Situated, by the Construction of a Park and Recreation Area.

File No. 384-61, Resolution No. 283-62.

Supervisor Halley questioned the propriety of granting permission to the permittee before the approval of all interested departments had been received.

Mr. Bernard Ward, Deputy City Attorney, advised that the resolution incorporated the provisions of an agreement which required the approval of the Recreation and Park Commission, City Planning and Police Departments before the permit could be issued.

Supervisor Ferdon called attention to the fact that the agreement required that public liability insurance in the amount of \$100,000/300,000 be provided by the permittee, and suggested that the City Attorney, after consultation with the attorney for the permittee and in keeping with the Board's policy, increase the amount to \$300,000/1,000,000; also the enactment of the legislation was conditioned upon said increase in the amount of the policy.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—10.

No: Supervisor Halley—1.

Motion to Amend.

Supervisor Halley stated he was presenting the following amendment as a substitute for the calendar item.

Declaring Opposition to Various Freeways.

Supervisor Halley presented:

File No. 582-59-4, Resolution No.

Supervisor Halley, seconded by Supervisor Ertola, moved adoption.

Supervisor Tinney requested that the legislation be referred to Committee.

In response to inquiry of Supervisor Halley, Thomas Blanchard, Deputy City Attorney, stated that it was a parliamentary matter for the Chair to rule on whether the substituted legislation was properly before the Board, the test being whether or not it was germane to the item on the Calendar. Mr. Blanchard remarked that in his opinion it was germane.

The Chair thereupon ruled that the legislation was properly before the Board.

Supervisor Morrison urged the defeat of the substitute resolution to permit the Board to consider the feasibility of authorizing the study of the Panhandle Parkway.

Supervisor Tinney explained he believed the resolution was not necessary, and the only question before the Board was whether or not it wanted an intelligent study of the traffic situation in San Francisco, which would include the study of all possible plans. Supervisor Tinney thereupon moved that the legislation be amended by adding the following language:

Further Resolved, That the Department of City Planning, Department of Public Works, and Recreation and Park Department of the City and County of San Francisco be requested to study concurrently and jointly with the State Department of Public Works and the Division of Highways, the feasibility of and prepare preliminary plans for a Panhandle Parkway connection between the Central Freeway in the vicinity of Fell and Laguna Streets and the Park-Presidio Boulevard approach to the Golden Gate Bridge; and be it

Further Resolved, That in the study of the Panhandle Parkway connection due consideration will be given to any possible alternative routes for such a parkway; and be it

Further Resolved, That it is contemplated by this Board that this joint study shall be conducted in the spirit of equal participation between State and City agencies and that the combined participating departments of the City and County of San Francisco shall have equal status with the combined departments of the California Division of Highways and the California Department of Public Works and its landscape architect in determining the basic concepts under study, and that should this equal participation status be violated at any time, the Department of City Planning shall report immediately to this Board of Supervisors so that the Board can consider whether or not to request that the study be discontinued, provided that this equal participation status shall not be interpreted to mean that the City and County of San Francisco is to pay an equal share of the study costs; and be it

Further Resolved, That the Directors of the Bay Area Rapid Transit District be consulted with and their advice sought throughout the duration of the studies, with the view to development of an integrated transit system; and be it

Further Resolved, That the State Director of Public Works be requested to employ a recognized landscape architect of international reputation so as to ensure the highest aesthetic qualities of landscaping and design, with the understanding that said landscape architect shall keep the participating City departments fully advised at all times as to his views and opinion of the aesthetic qualities of the proposed design, and that in the design of the proposed Panhandle Parkway the studies be limited only to a tunnel, or depressed to such a substantial extent that only minor variations of tunneling or depressed landscaped parkway be allowed; and be it

Further Resolved, That this Board reaffirms its opposition to the construction of a Western Freeway and that under no circumstances shall the Panhandle Parkway be considered as a connecting link to any future Western Freeway, nor should any plan or provision be made in this study to provide for a link to a future Western Freeway in the area south of Golden Gate Park; and be it

Further Resolved, That upon the conclusion of said joint study, the results thereof be submitted to this Board for further consideration, and no further action shall be taken thereon unless this Board gives its approval by appropriate legislation; and be it

Further Resolved, That the City and County of San Francisco through its Department of Public Works shall employ individual engineering experts to prepare and submit its report and preliminary plans with respect to routes and any alternates thereof, at a total cost not to exceed funds appropriated through the regular procedures of the Board of Supervisors.

Upon the statement by Supervisor Halley that he could not second such an amendment, Supervisor Tinney withdrew his motion.

Supervisor Ferdon stated he was opposed to the legislation because there were inaccuracies and discrepancies in it, and also he did not see any reason for limiting the Board to a study of a tunnel only.

Thereupon the roll was called and the foregoing amendment was *refused adoption* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McMahon—5.

Noes: Supervisors Boas, Dobbs, Ferdon, Morrison, Tamaras, Tinney—6.

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Matter Taken Up Out of Order.

There being no objection, Supervisor Halley brought up the matter of responsibility for the cost of removing and relocating facilities of the Municipal Railway and of other city agencies, in the event of the construction of the proposed San Francisco Bay Area Rapid Transit District subway on Market Street, identified as File No. 272-62. The Supervisor then quoted part of a letter from the City Attorney's office, dated June 11, 1962, and addressed to Mr. O. L. Moore, General Manager of Hetch Hetchy Water Supply, Power and Utilities Engineering Bureau, reading as follows: "I therefore recommend that a contractual arrangement be undertaken between District and City in connection with the initial approval of the revised rapid transit plan so that there would be a clear understanding regarding these important features of the plan."

Supervisor Halley called the Board's attention to the Special Order of Business, scheduled for Monday, July 9, 1962, 2 p.m., in the Chambers of the Board, calling for a public hearing on the question of whether or not the official reports of the San Francisco Bay Area Rapid Transit District, describing the engineering, financial and economic aspects of a regional rapid transit system shall be approved by the City and County of San Francisco. The Supervisor pointed out that at the close of the aforementioned hearing, there would be no more public hearings and that the city's determination of its position must be made within 15 days thereafter.

Supervisor Halley suggested that the City Attorney and Manager of Utilities confer with officials of the Rapid Transit District with a view of completing any contractual obligations with respect to removal and relocation of any city facilities before the Board meets in public hearing on July 9th.

Mr. Robert C. Kirkwood, Manager of Utilities, assured the Board that he would be happy to meet with the City Attorney with a view to working out such contractual agreements as may be necessary.

Supervisor Halley asked City Attorney Thomas M. O'Connor if July 9th would be considered as sufficient time within which to prepare the necessary documents. Mr. O'Connor assured Supervisor Halley that it would be.

There being no objection, the privilege of the floor was extended to Adrien J. Falk of the Rapid Transit District, who assured the Board that his organization would extend full cooperation.

File No. 378-61-5, Resolution No.

Supervisor Halley stated he was going to vote against the proposal because he did not believe the representation made by the Parking Authority and the City Engineer was adequate for his purposes, and it was his personal belief that since the hub of the shopping district was 18th Avenue the parking lot should be located there.

Mr. Marconi, representing the City Engineer, advised that two lots had been recommended, one on Geary Boulevard and the other on Eighteenth Avenue, with the one on Geary Boulevard being intended to serve the western end of the area.

Supervisor Boas stated that being a member of the Board of Directors of the Geary Street Merchants Association he had personally canvassed the membership of the Board of Directors of the Association, and they were unanimous in their opinion that the interests of the district could be best served by the construction of the off-street parking facility on Geary Boulevard.

Mr. Thomas O'Toole, Secretary, Parking Authority, advised that

negotiations had been carried on with the owner of the property on Eighteenth Avenue but he was adamant in his refusal either to sell to the City or enter into a lease arrangement.

The following recommendation of Commercial and Industrial Development Committee was taken up:

Authorizing Appointment of South of Market Advisory Committee on Commercial and Industrial Development.

File No. 258-62, Resolution No. 389-62.

Supervisor Halley stated that he believed the committee should be appointed by the Mayor rather than the President of the Board.

Supervisor Boas, in response to inquiry as to whether or not there would be any overlap between the functions of the committee and the Redevelopment Agency, remarked he has been informed that the Redevelopment Agency had made an application for Federal funds in the amount of \$610,000 and it was his understanding that it had received this money for the purpose of making a survey of a nine block area in the South of Market District.

Supervisor Halley, seconded by Supervisor Blake, moved that the legislation be amended to provide that the committee shall be appointed by the Mayor rather than the President of the Board of Supervisors.

Supervisor Halley requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Ferdon remarked he believed there was going to be a cost involved, with a majority of the work being done by the employees of the Clerk's Office. He stated there should be some investigation as to the cost and a supplemental budget request be submitted.

Supervisor Halley said he was going to vote against the proposal because it now looked as if funds would be required to provide for the operation of the committee.

Supervisor Boas explained he did not believe there would be any requirement for a supplemental appropriation, it being his thought that the necessary clerical work would be performed by employees of downtown business and some from the Clerk's Office.

Supervisor Tinney stated that the City was going to profit from the operation of the committee if it were successful, and he believed provisions should be made for the necessary clerical help which would be required.

Supervisor Halley explained he would withdraw his opposition to the legislation and vote for it.

Adopted by the following vote:

Supervisors Blake, Boas, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—8.

No: Supervisor McMahon—1.

Absent: Supervisors Casey, Dobbs—2.

Supervisor Tinney suggested that the legislation be amended by incorporating into the previous resolution the new material set forth in the resolution presented at today's meeting, reaffirm the previously declared policy, ask for action, and authorize the sending of a delegation back to Washington if necessary.

Supervisor Blake thereupon presented the following amended resolution:

Appropriating \$241,872, Recreation and Park, for the Creation of the Following Positions: 41 Assistant Gardeners, 6 Power Mower Operators and 2 Municipal Stadiums Groundskeepers; Effective July 1, 1962.

File No. 278-62-1, Ordinance No. . . .

Explanation of Vote.

Supervisor Halley explained that the subject measure is not presented with the whole-hearted recommendation of the Finance Committee. The legislation provides for the abolition of 41 positions in the Recreation and Park Department, which have been filled by limited tenure employees in the class O-58 Gardener, and the creation of certain substitute positions in the class 3410 Assistant Gardener, effective 7-1-62, with resultant reduction in salary. While the Committee does not recommend the reclassification of these positions and has discouraged this action by the Civil Service Commission, it is felt that a greater disservice would be done the employees concerned by refusal of this Board to pass the ordinance creating these positions, thereby putting them out of work entirely and depriving them of all status and rights which they may have under Civil Service procedures.

Supervisor Ferdon added that whether or not the ordinance is enacted by the Board of Supervisors, the employees involved have recourse to legal action for restoration of their former status and possible recovery of back pay, and they and their representatives have indicated that litigation for these purposes will be undertaken. The Finance Committee feels that the employments should be main-

tained so that the individuals may retain whatever rights to seniority and other benefits they have earned. He noted that while City and County Employees Union, Local 400, has requested that the ordinance not be passed, the Civil Service Association, by letter of June 26, 1962, indicated to the Finance Committee that that Association, while opposing the action of the Commission in downgrading these positions, felt that the measure should be passed so that the employees affected would not suffer a break in service with consequent loss of rights which they have earned.

Supervisor Morrison stated that he is opposed to the measure and asks that it be defeated in the interests of efficiency of operation, fairness to the gardeners in the City service and in the interests of maintaining high standards of City service. He feels that by this action the Civil Service Commission is downgrading the standards of City service generally, and setting an undesirable precedent. The historical position of the Recreation and Park Department has been that all such positions as are here involved should be given the higher rating for greater flexibility in work assignments and to eliminate the inefficiency which results from split classifications. He feels that the Board must first of all look to maintenance of high standards in City service, and that while defeat of the ordinance might mean that the 41 positions would not be established as of July 1, it would be feasible for the Recreation and Park Department to present a supplemental appropriation to allow for hiring of 41 gardeners at the full rate if the lower grade positions are not created.

Supervisor Tinney stated that his inclination would be to vote against the ordinance in order to support the opposition to the downgrading of the subject positions. However, he is concerned by the oral opinion of Deputy City Attorney Blanchard that it is possible there will be no positions about which to litigate if the measure is not passed today to create them. Therefore, he will vote for the measure, feeling that no detriment can be done by preserving the positions, whereas irreparable damage could be done to the employees' cause if the ordinance is not passed.

Supervisor Boas stated that he has been confused by conflicting testimony given in the presentations made today, and since he is on unfamiliar ground he will vote against the measure, relying on the recommendations of the two leading employee organizations involved.

Hearing Held.**SPECIAL ORDER—2:00 P. M.**

Public Hearing on the Question of Whether or Not the Official Reports of the San Francisco Bay Area Rapid Transit District, Describing the Engineering, Financial and Economic Aspects of the Three-County Rapid Transit System, Shall Be Approved by the City and County of San Francisco.

File No. 388-58

Motion Adopted.

Supervisor Ferdon, seconded by Supervisor Halley, moved that the calendar item herein, approving execution of an agreement between the City and the Rapid Transit District relative to relocation of Municipal Railway and other facilities which may be affected by construction of the system, be considered simultaneously with proposed approval of the plan, and that proponents or opponents address their remarks to both proposals in making presentations.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Blake, McMahon—2.

The Chair reviewed the requirements of State law pursuant to which subject hearing is being conducted, as contained in communication of 5-24-62 from the Bay Area Rapid Transit District, and repeated instructions to the Board as to its obligations and rights insofar as acceptance or rejection of the plan is concerned.

Communications.

Letter of June 29, 1962, from the Mayor's Transportation Council, transmitting to Board its unanimously adopted motion to approve the plan as submitted, was read.

Ordered filed.

Resolution No. 5545 of the San Francisco City Planning Commission, adopted 6-28-62, recommending approval of the plan by the Board of Supervisors, was read.

Ordered filed.

The Chair announced that the public hearing would now proceed, following which a vote would be taken on the matter of the agreement with the District and approval of the plan as submitted.

Mr. Adrien J. Falk, President, Board of Directors of the San Francisco Bay Area Rapid Transit District, stated that his Board members and staff were present to review the plan as amended, and to answer any questions.

Mr. John Peirce, General Manager, read a statement describing the plan, which he said has the approval of every affected San Francisco Department and Agency, and which is completely described in "The Composite Report, Bay Area Rapid Transit, May 1962." He indicated that the plan would be financed by \$792 million general obligation bonds, but that the total bonds outstanding would never exceed the maximum limitation of 15 per cent of the assessed valuation of property within the District. He stated that a conservative approach had been adhered to in the allocation of 25 per cent of the total proposed bond issue for contingency and possible inflation. Further, if the plan is approved by 60 per cent of the voters, other sources of revenue will become available, namely, funds from the California Toll Bridge Authority for construction of the subaqueous tube linking San Francisco and Oakland.

Mr. John Everson, Project Engineer, representing the engineering consultants, appeared to outline and explain by means of maps and exhibits the routing and the physical set-up of the plan insofar as it affects San Francisco.

The privilege of the floor was granted to the following citizens:

Mr. Alan S. Maremont, representing the San Francisco Planning and Urban Renewal Assn., indicated that his organization is strongly in favor of a 5-county system, and feels that the 3-county system will be a good start. He stated that his organization cannot give an expert opinion, not having reviewed all the details thereof, but they do endorse it from the "layman's approach."

Mr. Thomas Gray, Manager of the Down Town Association and San Francisco representative on the Bay Area Rapid Transit District, stated that he was appearing as the representative of the Down Town Association, and that he was instructed to make a statement for its President, Mr. Reginald H. Biggs, that the Association enthusiastically endorses the 3-county system and urges the Board of Supervisors to approve the plan so that the issue can be presented to the voters at the November 6th general election.

Mr. Harry A. Lee, President of the San Francisco Chamber of Commerce, stated that his Board of Directors adopted a Committee recommendation that the Chamber approve the 3-County rapid transit system, and urges favorable action thereon by the Board of Supervisors.

Mr. George Reppas, President of the San Francisco Junior Chamber of Commerce, stated that three committees of his organization studied the plan, and a resolution favoring it was adopted by the Junior Chamber.

Mr. E. Robert Scrofani, representing the Upper Noe Valley Neighborhood Council, urged that the Board of Supervisors give the people an opportunity to vote on the plan, which his group believes will be of benefit to the Mission District, and which will aid in general rehabilitation of older areas.

Mr. John G. Kelly, representing the Northern California Chapter of American Institute of Architects, expressed his organization's strong support of the proposed rapid transit plan, which they hope will be the beginning of a system to serve the entire area.

Mr. Robert B. Stevens, Chairman of the Transportation Committee of the Greater Mission Citizens Council, stated that his organization has not yet had an opportunity to make a thorough study of the proposed plan. However, they feel that it is potentially acceptable, and urge that the Supervisors vote to put it on the ballot.

Mr. Arminog Garabedian, representing the Haight-Ashbury Neighborhood Council, stated that traffic congestion will never be solved without rapid transit, and requested that the Board of Supervisors give the people the privilege of voting on the plan.

Mr. Harold Berlinger stated that he is opposed to the plan which is being considered, but is not opposed to rapid transit as such. He indicated that he favors a system of "free public transportation" to be paid for not by individual riders, but out of property taxes.

Mr. Cleve F. Shaffer stated that he feels that this plan is too expensive because of the heavy type of equipment proposed to be used, and that it will not provide adequate service because it has only two lines. He indicated that he proposed another plan which would provide six lines and 68 stations and will cost under \$200 million.

Mr. T. David Zuckerman stated that he is opposed to the financial aspect of the plan. He repeated his conviction that costs of the system should be assessed on a square foot basis on the property which is closest to the lines and stations and therefore most benefited thereby.

Miss Gertrude Barnett stated that she believes that the viewpoint of the average person is that they don't want to pay any more taxes for rapid transit.

Miss Marguerite Warren, Secretary of the Central Council of Civic Clubs, stated that the Central Council is not against the principle of rapid transit, but is against the plan proposed here. They feel that the plan does not take into consideration the growth of population along the San Mateo County Coast, which requires access to San Francisco; nor do they feel that the average San Francisco rider is helped by this plan.

Mr. Bobby Jones stated that he is not opposed to the plan, but suggests certain extensions thereof, namely, the addition of service to Geary Street, Judah Street, Nob Hill and Pacific Heights.

Mrs. Thomas R. Best, Great Highway Club, stated that she believed residents of the Sunset and Richmond Districts will not vote for the bond issue because improved service on the N and B Lines is not included in the plan.

Mr. James R. McCarthy, Director of Planning, in rebuttal, repeated the endorsement of the plan by the City Planning Commission and the Mayor's Transportation Council and Technical Committee.

Mr. Sherman P. Duckel, Chief Administrative Officer, stated that as a member of the Mayor's Transportation Council, he recommended the endorsement of the plan as the best we can have for San Francisco within the funds available.

The Chair announced that inasmuch as there were no further requests to be heard, the matter was in the hands of the Board.

Passage for Second Reading.

The following from County, State and National Affairs Committee without recommendation was taken up:

Approving Execution of an Agreement Between the City and County of San Francisco and the San Francisco Bay Area Rapid Transit District re Relocation of Municipal Railway and Other Facilities for the Construction by the District of Proposed Rapid Transit Subways Within the City and County of San Francisco.

File No. 388-58-11, Ordinance No.

Supervisor Halley stated that the document referred to in this legislation was prepared at his request, and he has assurance from the City Attorney that such an agreement would serve to protect the City's interests in the event of impairment of the Municipal Railway structure due to construction of rapid transit subways. In this connection, he asked Deputy City Attorney Robert Desky whether there is a provision in the agreement that in the event there is any reduction in revenue caused by impairment of the Municipal Railway structure, this would be compensated for under terms of the agreement. Mr. Desky replied that to the extent the District will pay the cost for additional services which are necessary, the answer is "yes"; however, there is no provision for any loss of revenue from streetcar fares.

Supervisor Ferdon stated that the measure comes from the County, State and National Affairs Committee without recommendation. He thanked Supervisor Halley for having requested investigation of this contingency. He indicated that the City Attorney has prepared the agreement and recommends that it be approved by the Board; further, the Bay Area Rapid Transit District has signified its acceptance of the terms thereof. Supervisor Ferdon, seconded by Supervisor Halley, moved passage for second reading.

Passed for Second Reading by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Blake, McMahon—2.

Adopted.

The following from San Francisco Bay Area Rapid Transit District was taken up:

Approving Plans of the San Francisco Bay Area Rapid Transit District as Set Forth in "The Composite Report, Bay Area Rapid Transit, May 1962."

File No. 388-58-10, Resolution No. 394-62.

Supervisor Halley noted that there are three members of the Board present who had a part in the rapid transit proposal since its inception, and that during the course of its preparation this Board has caused the plan to be delayed, restudied and revised on several occasions, all of which has provided beneficial results. He observed that in his opinion this is not a perfect rapid transit plan for San Francisco; that it does not tie in Duboce Avenue to the Sunset and Parkside Districts, and there is a lack of service north of Market Street and to the Richmond District, due to financial considerations. However, without any personal recommendation to the public, but because he believes it is incumbent on the Board of Supervisors to allow the people of San Francisco to express themselves on this plan, he is going to move adoption of the resolution before the Board. He reminded the members that they do not have the power or right to alter this plan; they only have the power to disapprove and send it back for revision, or to approve its submission to the voters in its present form; and they have been informed by Messrs. Duckel and McCarthy that this is the best plan that can be devised with the financial resources available.

Supervisor Ferdon indicated that he would second this motion, with an endorsement of the program. He stated that he regrets the fact that it is not a 5-county system and that there is only limited service to the Sunset and Richmond, but he feels that eventually this will be expanded. He added that he feels that the question of assessment of property in proportion to the benefit received from the improvement, would be taken care of through the equities involved.

Supervisor Dobbs stated that he enthusiastically supports this program. He indicated that he feels that while it is costly, it is vital to this area and particularly to San Francisco, and that the people should realize that it is an opportunity which will not come to them again at this price.

Supervisor Tinney indicated that he feels this is a matter of tremendous importance to San Francisco and the Bay Area. He recalled that he had the privilege to serve as President of the Mayor's Transportation Council, and in this capacity had the opportunity to observe and admire the work done by the City's technical staff in connection with this plan. While he feels that the lack of service to the Sunset and Richmond is regrettable, he believes that this will be added at a later date, as well as service to all outlying districts. He indicated that he wholeheartedly endorses the plan and recommends it to the people of San Francisco.

Supervisor Ertola indicated that he endorses the plan, and he paid tribute to Mr. Adrien Falk for his diligence and perseverance in working for this plan.

Supervisor Halley, seconded by Supervisor Ferdon, moved adoption.

File No. 278-62-1, Ordinance No. 193-62.

Explanation of Vote.

Supervisor Dobbs presented a communication addressed to him as Chairman of the Finance Committee, by George J. Grubb, General Manager, Personnel, Civil Service Commission, under date of July 2, 1962, indicating that 20 of the present limited tenure O-58 Gardeners are applying for the examination for 3410 Assistant Gardener, thus indicating that they would rather be employed in the latter class than be laid off.

Supervisor Dobbs repeated the position of the Finance Committee, as expressed by Supervisors Ferdon and Halley, that they feel the wisest, most practical thing to do is to preserve these positions and keep the people working.

Supervisor Ferdon noted that the legislation must be passed at this meeting to assure payment of wages, but apparently it will not be passed unless one of its stated opponents would agree to change his vote as a courtesy gesture, inasmuch as indications are that if the full membership were present, the measure would pass. He declared that precedent has been established for a member to change his vote in this manner without retreating from his original position, and that this should appear in the official record of proceedings. Under these circumstances, Supervisor Ertola agreed to vote for the legislation.

Finally Passed by the following vote:

Ayes: Supervisors Dobbs, Ertola, Ferdon, Halley, Tamaras, Tinney—6.

UNFINISHED BUSINESS.

Refused Adoption.

The following called out of Joint Finance and Public Buildings, Lands and City Planning Committee by Supervisor Halley, was taken up:

Requesting Ultimate Conveyance to the City and County of All Land on Which Ridge Point and Wisconsin Housing Projects Are Situated, and the Disposition Thereof Under Applicable Provisions of the Charter.

File No. 71-62-1, Resolution No.

Supervisor Halley, seconded by Supervisor Blake, moved adoption.

Explanation of Vote.

Supervisor Halley explained that his introduction of this resolution was prompted by a desire to clarify what he felt was a great deal of misinformation and misunderstanding which was rampant within the community relative to procedures that must be followed by the Housing Authority and the City as the beneficial owner, in the matter of abandonment of the war-time housing projects at Hunters Point and other places, and the disposition of the land for whatever use this Board of Supervisors may determine. He stated that it was introduced, further, in total disagreement with the resolution which requested study and report on the use of the Hunters Point area for

a Federally-financed housing development for persons of moderate income. The State law requires that the war-time housing must be abandoned and demolished by 1970, but neither resolution contemplated, as has been intimated, that there would be any disability imposed on anybody by dispossessing them from occupancy of their homes without due, proper and planned decisions as to ways and means for taking care of their needs. The Housing Authority reports that normally there is a 25 per cent annual turn-over in occupancy of public housing in San Francisco, and thus as the temporary structures were vacated, building by building, people could be accommodated, regardless of status, in the regular economy.

Supervisor Halley indicated that he was shocked to learn that a great many people in this community believe that under the Federally-financed project which has been proposed, they would be able to buy housing, either dwellings or condominium apartments, which they could call their own, and which, if they so desired in time, they could sell at a profit. The truth is, however, that when a buyer wanted to dispose of his equity, the corporation or cooperative would return only that much money which had been paid on the principal, excluding the interest which would go to the lender and excluding any increment in value of the property which might have accrued through the passage of time.

Supervisor Halley stated that his only interest in opposing such a redevelopment program as has been proposed is concern over the continuing increase in the cost of government, which this would further; and to see that land within the city is devoted to its best use, with resultant return of revenue to pay expenses of the municipality. He described his own personal experience as a homeowner in San Francisco, and the benefits which have come from this. He recommended it to others, adding that in this case the best thing is to put the land back on the tax rolls under private ownership and put the responsibility of the buyer beside his opportunity for increment in value of his property. He concluded by stating that the City Attorney has explained what must be done, and he has explained it so there will be no misunderstanding, and to those who put any other construction on his intentions, he can only say that truth and prejudice cannot go hand in hand. He has given the truth as he understands it.

Supervisor Morrison stated that he wished to oppose the resolution called out of Committee by Supervisor Halley. He indicated that he agreed with Supervisor Halley that the optimum situation would be when people can go out and buy their own homes. However, he feels that the present situation is that too many people of moderate income cannot do this in San Francisco. In his opinion, the redevelopment program which has been suggested would tend to the achievement of a balanced housing supply in this city. He stated that it is true if the land were sold to private developers, the Housing Authority would feel it had a moral obligation to relocate people living at Hunters Point. However, he believes this is not enough, and under a redevelopment program there would be a legal responsibility that this must be done. He indicated that even though buyers would not be allowed to take a profit on resale of such housing, they would still have the benefit of living better and paying less rent than would have been paid otherwise. He stated finally that under the redevelopment program the property would go back on the tax rolls.

Supervisor Tinney stated that as a member of the Public Buildings, Lands and City Planning Committee he believes the resolution should be defeated. He stated that redeveloped property is actually restored to the tax rolls, and further, from a city planning standpoint the situation is ideal because under the redevelopment plan San Francisco will obtain a model community, construction of which would be beyond the means of private developers. He indicated that

he feels that redevelopment belongs to all of the people, and this is our first opportunity to give the benefits thereof to a large segment of the population by providing decent housing in what it is hoped will be a model community.

Supervisor Boas stated that he felt the Board policy as established in its prior resolution relative to Hunters Point land should be continued. He remarked that when that resolution was heard in Committee its passage was endorsed by many community leaders from the Hunters Point area, who were concerned about the matter of relocation and of housing in general.

Refused adoption by the following vote:

Ayes: Supervisors Blake, Halley, McMahon—3.

Noes: Supervisors Boas, Casey, Dobbs, Ferdon, Morrison, Tamaras, Tinney—7.

Absent: Supervisor Ertola—1.

Passage for Second Reading.

The following from Finance Committee without recommendation was taken up:

Appropriating \$10,773, Mayor, to Cover Cost of Preparing an Application to the Federal Government for an Advance of Funds With Which to Prepare Plans for the Hunters Point Redevelopment Area.

File No. 80-62-12.2, Ordinance No. . . .

Supervisor Dobbs, seconded by Supervisor Ferdon, moved passage for second reading.

Explanation of Vote.

Supervisor McMahon stated that she felt that allowing the Redevelopment Agency to create a planned community at Hunters Point would in effect be perpetuating a segregated area such as exists there now. She indicated that she believes we should have a completely integrated city, and that the creation of such a planned, segregated community is not good for the city as a whole, nor for the people who live there. This is the reason why she opposes this ordinance and why she supported Mr. Halley's resolution.

Supervisor Blake stated that he opposed this ordinance and supported the Halley resolution because he feels that the Redevelopment Agency has failed in the past to live up to his expectation that it would provide decent housing for people in the slum areas which were razed. He cited the Western Addition, which was supposed to be redeveloped for the people who were living there. However, the land has been marketed at price levels which make it impossible for former residents to afford to return. He is opposed to a repetition of this experience at Hunters Point.

Passed for Second Reading by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ferdon, Morrison, Tamaras, Tinney—7.

Noes: Supervisors Blake, Halley, McMahon—3.

Absent: Supervisor Ertola—1.

Motion to Amend.

(See infra for rescission of action.)

The following recommendations of Joint Judiciary and Finance Committee were taken up:

Amending the Salary Standardization Ordinance (No. 106-62) for Fiscal Year 1962-1963 by Amending the Salary Schedules and Certain Working Conditions, Effective July 1, 1962, for Classes Subject to the Provisions of Section 151.3 of the Charter; an Emergency Measure.

File No. 180-62-2, Ordinance No. . . .

Supervisor Casey, seconded by Supervisor Boas, moved that the subject ordinance be amended to delete the provision which would set a lesser rate for Power House Operators than that which was certified by the Civil Service Commission in March, and which is in effect at the present time.

Supervisor Tinney stated that the Committee was informed of this situation when the measure was considered by it. However, the reason for the reduction in rate was to correct an error made by the Civil Service Commission in certifying the earlier wage, which rate

is paid outside the City and County and which under the terms of the Charter was an improper certification.

Deputy City Attorney Blanchard advised the Board that they may not perpetuate an error of this type, and the rate must be changed to accord with the provisions of the Charter. Controller H. D. Ross stated his position is that if in the City Attorney's opinion the Board established an illegal wage rate, there is no way in which he could pay the employees affected thereby.

There being no objection, on motion of Supervisor Halley, the privilege of the floor was given to Mr. Wilbur McLaughlin, 17 Delano Street, who stated that he is employed by the City in this classification, and was authorized to represent the Power House Operators in this matter. He urged that the Board not establish the new rate certified by the Civil Service Commission, and stated that, in his opinion, since there has been no subsequent modification in the contract, the rate which was certified in March, 1962, must prevail.

Motion to amend *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Ertola—1.

Supervisor McMahon requested that it be made part of the record that Mr. McLaughlin stated that he was speaking for all the Power House Operators and was willing to assume responsibility for this action today.

Mrs. Margaret Lencioni appeared as spokesman for the group of property owners. She stated that most of the owners were present and would answer any questions which the Board wished to ask. She indicated that it will be four to six months before some of the owners can move back into their homes; and some will never be able to move back. They are asking for relief from the assessment of taxes on these properties.

Assessor Wolden stated that his assessments were set as of the first Monday in March; that the matter of reductions is in the hands of the Board.

Deputy City Attorney Blanchard pointed out that the Board sits as a Board of Equalization, and must act on the question of value. It cannot grant exemptions, even though a report has been presented that some of the properties have been rendered entirely worthless by reason of the catastrophe which has occurred.

Supervisor Dobbs, seconded by Supervisor Blake, moved that action be deferred for one week, so that the Assessor can give a report on all of the properties involved.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Dobbs, Halley, Tamaras—5.

Noes: Supervisors Casey, Ertola, Ferdon, Tinney—4.

Absent: Supervisors McMahon, Morrison—2.

Explanation of Vote.

Dissenting votes were cast by Supervisors who felt that action should be taken at once on reduction of assessments on properties which the Assessor's as yet incomplete report indicated were now worthless.

The Board of Equalization considered calendar matters in the order in which printed.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**Reference to Committee.**

Authorizing Study of Plans for Construction of a Ferry Park and for Routing of Automobile Traffic Along The Embarcadero in Front of the Ferry Building.

Supervisor Blake stated that there have been reports of studies being made for construction of a Ferry Park. Location of the proposed park presents a problem insofar as routing of traffic along The Embarcadero in front of the Ferry Building is concerned. If the former tunnel in front of the Ferry Building had not been filled in during construction of The Embarcadero Freeway, the present difficulties in regard to routing of traffic around the proposed park would not exist.

Supervisor Blake requested that committee consideration be given to this matter and that representatives of the City Department of Public Works, State Division of Highways, and San Francisco Port Authority be invited to explain to the committee plans under consideration and under what authority the Embarcadero tunnel was closed.

Referred to Streets Committee.

Taken Up Out of Order.

Consideration Continued.

There being no objection, the following recommendation of Judiciary Committee was taken up out of order:

Charter Amendment—Amending Section 122 Thereof, to Provide for Merger of Hetch Hetchy Project With San Francisco Water Department.

File No. 311-62

Supervisor Ferdon questioned the advisability of submitting this matter to the electorate. The former City Attorney had in the past expressed his fear that any indication that the Hetch Hetchy Project was complete might jeopardize the City's rights under the Raker Act. He would suggest that Mr. Holm be invited to appear before the Board in this matter.

Supervisor Tinney, seconded by Supervisor Ferdon, moved that consideration be continued for a period of one week and that the Clerk invite both former City Attorney Dion R. Holm and City Attorney Thomas M. O'Connor to be present at that time to give their views.

No objection and motion *carried*.

Request Granted.

Supervisor Halley requested that the City Attorney be asked to prepare an amendment to the proposed Charter amendment providing for the merger of the Hetch Hetchy Project and the San Francisco Water Department, to provide that approval by two-thirds of all members of the Board be required for such merger.

Supervisor Dorn reviewed His Excellency's early years in Los Angeles and the course of his illustrious career and then read the resolution of the Board of Supervisors of the County of Los Angeles thanking, congratulating and commending the Archbishop.

Archbishop McGucken thanked Mr. Dorn and expressed his hope that this ceremony will make him better known to the Board and the people of San Francisco so that he and they can work together for the betterment of the community.

UNFINISHED BUSINESS.

Taken Up Out of Order.

Consideration Continued.

There being no objection, the following recommendation of Judiciary Committee, heretofore considered, was taken up out of order:

Charter Amendment—Amending Section 122 Thereof, to Provide for Merger of Hetch Hetchy Project With San Francisco Water Department.

File No. 311-62

Motion to Amend.

Supervisor Halley moved amendment in accordance with the second draft as follows: After the words "until such time as the Commission shall" add, ", with the approval of the Board of Supervisors by a two-thirds vote,".

Supervisor Tinney seconded the motion in order that the legislation might be before the Board for consideration.

Former City Attorney Dion R. Holm reviewed the past history of the Hetch Hetchy Project and explained how certain provisions came to be included within the Raker Act. He also brought to the Board's attention the many instances where court actions had been brought in an attempt to prove the City's failure to live up to the terms of the act. Mr. Holm stated that he would consider passage of any legislation which intimates in any way that work on the project is complete as an invitation to others to challenge the City's right to certain of the water which has not as yet been delivered into our system. In Mr. Holm's opinion the proposal before the Board presents a hazard and is without purpose. However, if the Board should see fit to submit this amendment to the voters, the requirement for Board approval before merger should by all means be included.

City Attorney Thomas M. O'Connor stated that in his opinion the charter amendment as written does not intimate a completion of the project. If and when the time comes for a merger of the two departments, there should be a complete statement that the Hetch Hetchy Project is not completed and that merger is merely for administrative purposes.

Supervisor Tinney, seconded by Supervisor Halley, moved, as an amendment to the pending motion, that consideration be continued for one week in order that the City Attorney might insert language

in the proposed charter amendment which would completely preclude the possibility that anyone could interpret the enactment as an admission of completion of Hetch Hetchy Project.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Dobbs, McMahon—2.

NEW BUSINESS.

Taken Up Out of Order.

Adopted.

There being no objection, the following recommendation of Finance Committee was taken up out of order:

Approving and Authorizing Execution of an Agreement Between the City and the State of California Relative to a One Million Five Hundred Thousand Dollar Loan for the Construction of a Small Craft Harbor in San Francisco.

File No. 780-59-1, Resolution No. 486-62.

Supervisor Halley stated that he understands there is very strong opposition to this matter and if any member of the Board desires to move re-reference to committee, such motion would take precedence over his presentation.

Supervisor Ertola, seconded by Supervisor Boas, moved re-reference to Finance Committee.

Supervisors Halley and Ferdon explained that the committee is prepared to make a full presentation at this time. The Finance Committee has done everything in its power to hear all arguments. The only matter before the Board at this time is the authorization of execution of an agreement in order that the City might receive the loan from the State.

Supervisor Ertola withdrew his motion to re-refer to committee.

Supervisor Halley explained that some residents have opposed various phases of the proposed development. The matter of the number of parking stalls was compromised by the Recreation and Park Department to satisfy objections. Residents later opposed development of a restaurant on the site. However, if a restaurant is not included in the project, there will not be sufficient revenue available to service the debt to the State.

Supervisor Halley directed several questions to Mr. Walter A. Haas, Sr., President, Recreation and Park Commission, which Supervisor Halley wished to have recorded in the Journal of Proceedings:

Supervisor Halley: What concessions other than a restaurant are contemplated in the development of the Yacht Harbor?

Mr. Haas: The restaurant and gas refueling station; no other concessions.

Supervisor Halley: The restaurant will occupy about 12,000 square feet?

Mr. Haas: That is the maximum.

Supervisor Halley: You have agreed that the Commission will present to the Finance Committee and the Finance Committee will present to the Board whatever proposal may be made in the way of plans for construction of the building to house that restaurant?

Mr. Haas: That is correct.

Supervisor Halley: The Board has not relinquished its position as the elective body and its right to review what is proposed. It was further agreed, Mr. Haas, that the Board would have the op-

portunity of negating your recommendations as to the type of restaurant that would be constructed?

Mr. Haas: Not only the design but the contract itself.

Supervisor Ertola stated that he was satisfied that the people in the Marina district will have an opportunity to be heard on the location and type of restaurant to be constructed.

Supervisor Halley stated that the location has been determined but the type of building has not.

Supervisor Ferdon stated that he, as one member of the Finance Committee, reserves the right to approve both the location and design of the restaurant subsequently to be submitted by the Commission.

Supervisor Blake requested that the Controller review the feasibility study for this project with a view to determining whether or not proceeds from berth rentals could produce sufficient revenue for debt service so that revenue from operation of a restaurant will not be required. Mr. Ross, Controller, agreed to undertake such a review.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Dobbs, McMahon—2.

The Board resumed consideration of the calendar items in the order set forth therein.

Consideration Continued.

The following from Public Buildings, Lands and City Planning Committee, without recommendation, was taken up:

Amending City Planning Code by Adding Section 105.23 Thereto, Amending the Zoning Map to Change From R-1 to R-4 the Class of Use District Applicable to Certain Property Located on Woodside Avenue.

File No. 36-62-5, Ordinance No.

(Woodside Avenue, portion of Lot 4, Block 2842, Laguna Honda Home site, to permit construction by the Housing Authority of low-rent housing for the elderly.)

Supervisor Morrison, seconded by Supervisor Boas, moved that legislation be passed for second reading.

Supervisor Morrison stated that the Housing Authority is not willing to give up this site without assurance of another site on the Laguna Honda Home grounds. It is his position that the present site is acceptable and should be approved because of need and because the Chief Administrative Officer and the Director of Public Health are not willing to designate another site on the Home grounds. The Housing Authority has agreed to move the building back some 25 feet from the originally proposed site. No location on the grounds is likely to escape some public opposition.

Supervisor Tinney stated that while he is in favor of the program, he would like to see the matter of the specific site in the area explored further by the City Planning Department and the Housing Authority.

Mr. O'Gara, attorney for the Housing Authority, stated that the Authority has no objection to delay if something can be accomplished. However, the Authority has had a number of conferences with the Chief Administrative Officer and the Director of Public Health, both of whom feel that this is the only acceptable site.

Mr. Sherman P. Duckel, Chief Administrative Officer, stated that the present site has had the approval of the Board of Supervisors, the Department of Public Health and of his office. The only other site considered was on Seventh Avenue. The possibility of moving the Laguna Honda Home institution to another location within the City is presently being investigated. In Mr. Duckel's opinion it would be very poor planning to put this proposed Housing Authority structure in the center of a large open area which might later be available for development.

Supervisor Tinney, seconded by Supervisor Ertola, moved that consideration be continued for a period of four weeks, City Planning Commission and Housing Authority to explore further the possibility of finding a mutually agreeable site elsewhere on the Laguna Honda Home grounds.

Motion carried by the following vote:

Ayes: Supervisors Casey, Ferdon, Halley, Tamaras, Tinney—5.

Noes: Supervisors Blake, Boas, Ertola, Morrison—4.

Absent: Supervisors Dobbs, McMahon—2.

Charter Amendment—Amending Sections 35.3 and 35.5, and Adding Section 35.5.4, to Provide for the Creation of the Rank of Assistant Inspector, Police Department; Authority for Appointment Thereto and Removal Therefrom; and Procedure for Determining Rate of Pay Therefor.

File No. 313-62-1

Supervisor Halley stated he believed that those members of the police department who are appointed to the rank of assistant inspector should have the same tenure as the rank of inspector, and should be entitled to the same defenses to protect their right to retain the position. Supervisor Halley concluded by saying he did not believe that the Chief of Police should have the sole authority to demote an assistant inspector to policeman.

Supervisor Dobbs suggested that consideration of the proposed charter amendment be continued for one week, and the Chief of Police and Police Commission be invited to attend to respond to the suggestions made by Supervisor Halley.

Supervisor Blake requested that representatives of the police officers association also be invited to attend and speak on the proposal.

Supervisors Ferdon and Halley expressed opposition to the request of Supervisor Blake on the grounds that such representatives are not officials of the City and County, and it would mean that the Board would have to sit as a Committee of the Whole to consider the matter.

Supervisor Blake thereupon withdrew his request and in lieu thereof requested that the Clerk direct a communication to the police officers association informing them of the suggestions of Supervisor Halley, and advising that they have the opportunity to respond in writing.

No objection and request *granted*.

Supervisor Tinney, seconded by Supervisor Dobbs, moved that consideration of the legislation be continued to September 4, 1962.

and the Chief of Police and members of the Police Commission be invited to attend and comment on Supervisor Halley's suggestions.

No objection and motion *carried*.

Supervisor Halley requested that the Clerk direct a communication to the City Attorney asking that he prepare an amendment to the proposed charter amendment to incorporate therein new language to carry out his (Supervisor Halley's) intent.

No objection and *Clerk directed to comply*.

File No. 273-62, Resolution No. 513-62.

Mr. Sherman P. Duckel, Chief Administrative Officer, advised the Board that the proposed legislation did not contain the recommenda-

tion of the Director of Public Works, nor the approval of the Chief Administrative Officer, because the alley was too narrow to permit vehicular traffic to traverse it. Mr. Duckel further stated that the insurance provisions were too low for such a hazardous condition which would exist if the permit were granted.

Supervisor Blake thereupon suggested that the Controller be requested to increase the amount of insurance to \$300,000/1,000,000.

No objection and *Clerk directed to comply.*

No objection and request *granted*.

Conduct of a World's Fair in San Francisco.

Supervisor Dobbs remarked he had recently visited the Seattle World's Fair and they seemed to be doing very well, also, a great deal of money was being spent in Seattle. There have been efforts made in the past to have a world's fair in San Francisco but there has been very little cooperation in that it was said it would be too costly.

Supervisor Dobbs concluded by stating the Committee which has been appointed to study this matter should be made aware of the fact that there is one member of the Board who believes that, despite the experience at Squaw Valley, San Francisco should proceed with plans for the holding of a world's fair and a request for financial assistance should be made of the State and Federal Governments.

Consideration Temporarily Postponed.

The following recommendations of Judiciary Committee heretofore considered and temporarily postponed were taken up:

Charter Amendment—Amending Section 35.3, Special Assignments in the Police Department; Amending Section 35.5, Adding Rank of Assistant Inspector, Police Department; and Adding Section 35.5.4, Rate of Compensation for Rank of Assistant Inspector, Police Department.

File No. 313-62

Motion to Amend.

Supervisor Halley, seconded by Supervisor Casey, moved that the fifth draft of the proposed amendment be amended as follows: "On the first page strike all of the language beginning with the word 'Assistant' on the 7th line of Section 35.3 down to and including the word 'position' on the 9th line of Section 35.3; and on page 2, on line 8, second paragraph, after the word 'inspector' insert 'or assistant inspector.'"

Police Commissioner Fazackerley, stated that the Commission believes that the assistant inspector should receive additional compensation for the work they do, but is opposed to any amendment which would give the assistant inspector tenure.

Police Chief Cahill, in response to inquiry of Supervisor Halley, remarked that an assistant inspector is eligible for appointment to the rank of inspector after two years' of service provided there is a vacancy, and appointments are made in accordance with seniority as an assistant inspector.

Supervisor Halley explained he believed that the assistant inspector should be protected in his rank, and suggested that consideration be given to establishing a one year probationary period.

Supervisor Casey said it was his opinion that the Chief should be willing to place the assistant inspector on a one year probationary period.

Supervisor Halley, seconded by Supervisor Ferdon, moved that consideration be temporarily postponed.

Supervisor Ferdon remarked that in the interest of equity there should be a temporary period of one year within which the Chief would have the right of removal, but after that there would be tenure of office.

Supervisor Halley requested permission to withdraw his motion for temporary postponement.

No objection and request *granted*.

Supervisor Halley, seconded by Supervisor Ferdon, moved as an amendment to his pending motion that the fifth draft of the proposed amendment be amended by adding the following language on the 8th line of Section 35.3, after the word "police": "within one year from the date of commencement of his current appointment as an assistant inspector"; and on page 2, second paragraph, 8th line, after the word "inspector" add the words "or assistant inspector after one year from the date of his current appointment as assistant inspector."

Supervisor Halley, seconded by Supervisor Ferdon, moved that consideration be temporarily postponed.

No objection and motion *carried*.

Ordered Submitted.

Charter Amendment—Amending Section 155 Relating to Disciplinary Procedure for Members of the Uniformed Force of the Police and Fire Departments, to Provide for Right of Appeal From Order of Suspension.

File No. 314-62

Supervisor Blake, seconded by Supervisor Casey, moved that the third draft of the proposed amendment be amended by changing the word "ten" on line 14 to "five," and at end of sentence add the following: ", report must be made to the person suspended at the time of such suspension"; also on page 2, third line, after the word "offense" add the following: "provided, however, that the member so suspended will not be subject to any further disciplinary action with respect to future promotional opportunities."

Mr. Bernard Ward, Deputy City Attorney, explained that the effect of the proposed amendment would be to negate provisions of the charter which states that the Civil Service Commission shall take into consideration the clean record of persons taking promotive examinations.

Supervisor Ferdon explained he did not see what would be accomplished by the charter amendment, and in his opinion there would be an appeal from every suspension by the Chief; and the Commission, which appoints the Chief, would then hold a trial de novo.

Supervisor Halley, seconded by Supervisor Ertola, moved that the proposed charter amendment be re-referred to Committee for additional consideration and study.

Motion *defeated* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley—4.

Noes: Supervisors Boas, Dobbs, Ferdon, McMahon, Morrison, Tamaras, Tinney—7.

Mr. Bernard Ward stated he did not believe the City Attorney could draft an amendment as suggested by Supervisor Blake which would be legal.

Supervisor Blake thereupon requested permission to withdraw his motion to amend.

No objection and request *granted*.

Thereupon the roll was called and the foregoing charter amendment was *ordered submitted* by the following vote:

Ayes: Supervisors Boas, Dobbs, McMahon, Morrison, Tamaras, Tinney—6.

Noes: Supervisors Blake, Casey, Ertola, Ferdon, Halley—5.

Consideration Temporarily Postponed.

The Board resumed consideration of the following recommendation of Judiciary Committee heretofore considered and temporarily postponed.

Charter Amendment—Amending Section 35.3, Special Assignments in the Police Department; Amending Section 35.5, Adding Rank of Assistant Inspector, Police Department; and Adding Section 35.5.4, Rate of Compensation for Rank of Assistant Inspector, Police Department.

File No. 313-62

Mr. Bernard Ward, Deputy City Attorney, advised that the language of the proposed amendment would appear to accomplish the intent of Supervisor Halley.

Mr. Harry Ross, Controller, raised a question as to the necessity of adding language to cover situations where there might be a break in continuity of service during the first year, and then a subsequent reappointment to the rank of assistant inspector.

Supervisor Halley, seconded by Supervisor Ertola, moved that consideration be temporarily postponed.

No objection and motion *carried*.

File No. 315-62

Supervisor Morrison, seconded by Supervisor Casey, moved submission.

Supervisor Tinney stated he was opposed to the proposed charter amendment because it did not make any distinction between those employees retired on disability and those retired for service.

Supervisor Tinney, seconded by Supervisor Dobbs, moved that the legislation be amended by adding on the next to last line, after the word "employees" the following: "except those retired because of disability."

Mr. Bernard Ward, Deputy City Attorney, advised that the proposal could not be amended in the manner suggested until the Board had received an actuarial report on the effect of such amendment.

Supervisor Tinney thereupon requested permission to withdraw his amendment.

No objection and request *granted*.

Supervisor Tinney, seconded by Supervisor McMahon, moved that the proposal be re-referred to Judiciary Committee.

Motion refused adoption by the following vote:

Ayes: Supervisors Dobbs, Ferdon, McMahon, Tamaras, Tinney—5.

Supervisor Ferdon stated he believed the men should be given tenure, and the Chief would be able to determine within one year

whether or not the person whom he selected was capable of filling the position.

Supervisor Dobbs, seconded by Supervisor Tinney, moved as an amendment to the amendment, that the word "year" be deleted and in lieu thereof the words "two years" be added.

Motion refused adoption by the following vote:

Ayes: Supervisors Dobbs, Morrison, Tinney—3.

Noes: Supervisors Blake, Boas, Casey, Ertola, Ferdon, Halley, McMahon, Tamaras—8.

Thereupon the roll was called on the pending motion made by Supervisor Halley and it *carried* by the following vote:

The following recommendations of County, State and National Affairs Committee were taken up:

Declaring Opposition to State Proposition No. 23 on the November, 1962 Ballot, to Provide for Reapportionment of the California State Senate.

File No. 13-62, Resolution No. 541-62.

Supervisor Ferdon explained it was the thinking of the Committee that although reapportionment might be the proper thing this particular proposition was not the correct method. It was the belief of the Committee that if Proposition No. 23 should pass you would have either an urban vs. rural or a north vs. south debate, and for that reason it was the unanimous recommendation that the Proposition should be opposed by the City and County of San Francisco.

Supervisor Morrison stated that Proposition No. 23 would put much more emphasis on population, and would more equally distribute control of the Senate. The immediate effect would be to give additional representation to the six most populous counties.

Supervisor Morrison concluded by stating he believed the Board should oppose the recommendation of the Committee, and he would be happy to join in a substitute resolution which should state in affirmative language that the Board takes no position on Proposition No. 23.

Supervisor Blake, seconded by Supervisor Ertola, moved adoption.

Explanation of Parliamentary Procedure.

The Chair explained the parliamentary procedure as follows: "An 'aye' vote will disapprove the decision of the City Planning Commission and refuse to permit the conditional use; a 'no' vote will approve the decision of the City Planning Commission and permit the conditional use; it requires eight 'aye' votes to disapprove the decision of the City Planning Commission."

Supervisor Boas explained that although Van Ness Avenue has deteriorated, there is a possibility a rehabilitation and modernization program would be undertaken to make Van Ness Avenue similar to the world renowned Champs Elysees of France, and he did not believe a mortuary would fit in with such an improvement.

Amending the City Planning Code by Adding Section 105.25 Thereto, Amending the Zoning Map to Change the Classes of Use Districts Applicable to Certain Property.

File No. 36-62-7, Ordinance No.

(Use Dist. to Be Superseded	Use Dist. Hereby Approved
Lot and Block		
Portion Lot 2, Block 7521 — Diamond Heights Blvd n/w Gold Mine Drive	R-1-D	C-1
Lot 20, Block 39 — Bay and Stockton Streets	M-1	R-4)

Mr. James McCarthy, Director of Planning, explained the reason for the change in the use classification of the property in Diamond Heights, and advised the Board that there had been included plans for the construction of a school and a library.

Supervisor Dobbs requested that a communication be sent to the Director of Planning and the Redevelopment Agency, requesting submission of a report on the proposal to construct a school and library in the proposed commercial development in Diamond Heights, with emphasis on the necessity for the construction of a library and when it is anticipated that such a facility will be needed.

No objection and request *granted*.

Supervisor Halley made inquiry as to who had the fee to the property, and whether the property would be sold as residential or commercial property. Supervisor Halley requested that the Clerk direct a communication to the Redevelopment Agency requesting information relative to the use classification of Lot 2, Block 7521, when it was acquired by the Agency, and the use classification when contract of sale for said property was entered into.

Mr. McCarthy explained that the Redevelopment Agency still held the fee, and after the use classification was changed to a commercial use the Agency will sell it as commercial property at an increase in price five times the amount of their purchase price.

Supervisor Halley stated the information satisfied his request.

Supervisor McMahon questioned the advisability of changing the use classification of property at Bay and Stockton Streets to R-4 because of the fact said property was within a 40-foot height limitation district, and it would mean an increase in the density.

Supervisor McMahon concluded by stating that in her opinion it was poor zoning to permit an R-4 use in a 40-foot height limitation area.

File No. 343-62, Resolution No. 578-62.

Supervisor Halley stated he was concerned with the appointment of any organization to perform the duties of the citizens participating committee.

Supervisor Halley continued that he had received a request from the Central Council of Civic Clubs for permission to address the Board, and thereupon moved, seconded by Supervisor Ertola, that the privilege of the floor be granted Miss Marguerite Warren, Secretary of the Central Council of Civic Clubs.

No objection and motion *carried.*

Miss Warren stated that it was the thinking of her association that the authority to recommend the Workable Program should not be limited to one organization, but vested in a citizens committee which represents a cross-section of San Francisco.

Supervisor Halley, seconded by Supervisor Ertola, moved that the legislation be amended by deleting all reference to any organization

associated with the appointment of a citizens advisory committee and the words "citizens advisory committee" be added in lieu thereof.

Deputy City Attorney Thomas Blanchard stated he did not know how the Board could delete all reference to SPUR and still have reference to a citizens advisory committee which is a requirement of the Federal Government.

Supervisor Dobbs suggested that the Board adopt the measure in its present form, and at a future date Supervisor Halley could introduce a proposal to provide that the workable program should be recommended by a citizens committee and not an organization.

Supervisor Halley thereupon requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Halley requested that the Clerk prepare an amendment to Resolution No. 15030 (Series of 1939) providing for the appointment of a citizens participating committee for urban renewal, to provide that membership of said committee shall be composed of representative groups of the City and County.

No objection and Clerk *directed to comply*.

File No. 378-62

(Vol.	Block	Lot	Land	Bldg.	Exempt.	Per. Prop.	Total
10	1412	10	\$1,075	\$16,950	—	—	\$18,025

22	3113	1	860	2,150	Nil	\$50	3,060
29	4756	21A	400	—	Nil	50	450)

The Chair inquired if there were anybody in attendance who desired to protest the correction of the clerical errors.

Mr. Raymond P. Harper, 1178 Quesada Avenue, owner of Lot 21a, Block 4756, inquired about the addition of the \$50 personal property assessment.

Mr. Al Abramson, representing the Assessor, explained that since the property owner was not entitled to an exemption, the \$50 represented the amount declared in the personal property return.

Mr. Lucien Berthier, 37 Los Pamos Drive, owner of Lot 10, Block 1412, protested the increased assessment on the real property on the grounds that it was too high in comparison to comparable property in the area.

Mr. Abramson explained that when the assessment was originally made it was placed against the wrong property, and the Board's action would correct that mistake.

In response to inquiry of Supervisor Halley, Mr. Thomas Blanchard, Deputy City Attorney, advised the Board that its only function was to determine whether or not a clerical error had been made and, if so, to correct it by placing the proper assessment against the right property.

There being no further persons desiring to protest, the Chair declared the hearing concluded.

Adopted.

The following from Finance Committee was taken up:

Authorizing Correction of Clerical Errors in the 1962-1963 Assessment Roll Which Will Increase Amount of Taxes Payable.

The following called out of County, State and National Affairs Committee by Supervisor Morrison was taken up:

((Opposing)) Francis Initiative Constitutional Amendment, ((Designated Proposition No. 24 on the November 6, 1962, Ballot.))

File No. 13-62, Resolution No. 642-62.

Supervisor Morrison, seconded by Supervisor Boas, moved adoption.

Supervisor Ferdon explained the reasons behind the Committee's action in ordering the legislation tabled, and stated that personally he was opposed to Proposition No. 24 because in his opinion it was ambiguous and he felt there was sufficient Federal and State legislation on the books which could effectively counteract the threats of communism.

Supervisor Halley, seconded by Supervisor Blake, moved that the Board resolve itself into a Committee of the Whole.

No objection and motion *carried*.

Supervisor Dobbs remarked he had voted to table the proposal in committee because none of the proponents had appeared to speak on the measure.

Supervisor Dobbs continued that during his tenure as a supervisor he had been unhappy that the Board should go on record on state measures unless the measure was restricted to San Francisco, and he believed it was a good time to amend the rules of the Board to prohibit the endorsing or opposing State ballot measures unless they vitally affected San Francisco.

The privilege of the floor was granted to the following:

Proponents:

Alan S. Maremont, member Board of Directors, Junior Chamber of Commerce;

Morse Erskine, Attorney at Law, 233 Chestnut Street.

Opponents:

Assemblyman Louis Francis, 1415 South El Camino Real, San Mateo, California;

Edward E. Heavey, Public Library Commissioner;

A. Champane, representing the Veterans of Foreign Wars;

Clay Sanders, representing the Veterans Political Association.

Supervisor Dobbs, seconded by Supervisor Halley, moved that the Committee of the Whole rise and report.

No objection and motion *carried*.

Supervisor Morrison stated he was opposed to Proposition No. 24 because he believed it to be unconstitutional, and read an opinion from the Attorney General wherein he doubted the constitutionality of the proposition.

Supervisor Dobbs remarked he felt that the Board should not become concerned as a collective body of measures on the State ballot which do not affect physically the corporate body of San Francisco. Supervisor Dobbs continued, that he had requested the City Attorney to prepare an amendment to the Rule of the Board which would limit the Board's prerogative where it was not concerned.

Supervisor Dobbs, seconded by Supervisor Tinney, moved that the proposed legislation be amended to provide that the Board takes no position with respect to the merits or demerits of State Proposition No. 24.

Supervisor Boas explained he was opposed to the proposed amendment because now that the Board had heard the pros and cons of the proposition it should take a stand on it.

Thereupon the roll was called on the motion to amend and it carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Halley, Tamaras, Tinney—6.

Noes: Supervisors Boas, Ferdon, Morrison—3.

The following presented by the Clerk was taken up:

Disapproving Decision of the City Planning Commission by its Resolution No. 5575, Dated September 6, 1962, Denying Application to Change the Use Classification of Certain Property on Vallejo and Florence Streets East of Jones Street, From R-4 District to R-3 District.

File No. 386-62-2, Resolution No. . . .

Supervisor Halley, seconded by Supervisor Ertola, moved adoption.

Explanation of Parliamentary Procedure.

The Chair explained the parliamentary procedure as follows: "An 'aye' vote will disapprove the decision of the City Planning Commission and permit the change in the use classification; a 'no' vote will sustain the decision of the City Planning Commission and refuse to permit the change in the use classification; it requires eight 'aye' votes to disapprove the decision of the City Planning Commission."

Supervisor Boas stated he was going to vote to sustain the decision of the City Planning Commission because the property owner has incurred heavy expenses in the preparation of plans for construction, and before the zoning classification could be changed there must be some compensation to the property owner, but he did not believe the area involved was a proper place to erect a multi-story apartment house.

Supervisor Morrison remarked he believed the test which the Board should apply was not whether some individual might be hurt, but whether it helps the City.

Refused adoption by the following vote:

Aye: Supervisor Morrison—1.

Noes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Tamaras, Tinney—10.

OFF-CALENDAR LEGISLATION.

Confirming Award of Marshall Square Automobile Parking Lease to S. E. Onorato, Inc.

File No. 328-62-3, Resolution No. 668-62.

Supervisor Tinney stated that in the future the Director of Property should be more specific in designating the type of bids which would be accepted, because in this situation it seems there are two different bids, one a flat gross, and the other a flat gross with an alternate over the gross.

Supervisor Dobbs requested that the Clerk refer the suggestions of Supervisor Tinney to the Director of Property.

No objection and *Clerk directed to comply.*

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

File No. 282-61-3, Ordinance No. . . .

Request Granted.**Redevelopment of Market Street in Conjunction With the Construction of the Subway for the Proposed Rapid Transit System.**

Supervisor Dobbs: Transformation of the Rapid Transit Bond Issue into a rapid transit system which will serve the people of the Bay Area presents many major challenges and problems. One of the greatest challenges presented by the rapid transit program is to the people of San Francisco. Paris has its Champs Elysees; Tokyo its Ginza; and San Francisco has Market Street—an ugly, brassy street knifing through the heart of the downtown section of the city which most of us would rather pretend didn't exist.

With rapid transit, as we all know, there is going to be a subway up Market Street. I believe that one of San Francisco's greatest challenges is to see that once the subway is complete the surface of Market Street—free of streetcars and buses—is transformed into a monument of designed, planned, landscaped beauty. Market Street can be one of San Francisco's greatest glories if we make it so. I say we have an obligation to make it so, to take advantage of the major surgery which rapid transit requires to give our Market Street a facelifting that will make it the beautiful street we all want.

To this end I propose that the Redevelopment Agency, after consultation with the City Planning Commission, which has the authority to act in matters of this type, be requested to bring before this Board a plan which we can execute in cooperation with the Rapid Transit District for the beautification of Market Street.

I wish to make it clear that this plan must be conceived with the rights and prerogatives of individual property owner fully in mind. With sensible, immediate action we can seize the opportunity to do this job so long ignored.

To that end I ask that the Redevelopment Agency be requested to respond in a preliminary way to the following questions:

1. Is there a technical foundation for the use of renewal or redevelopment authority along Market Street?
2. Is it correct to assume that the bulk of such activity would involve the retention of the great majority of existing structures?
3. If any businesses should be moved in the process, what can the Redevelopment Agency do about re-establishing these businesses in new locations?
4. If a program were undertaken by the Redevelopment Agency, approximately what parts of Market Street and to what extent north or south of Market Street should such a program be considered?
5. Are Federal funds likely to be available for such a program, and is the interest in such an undertaking any greater from the Federal viewpoint because of the tie to the inter-urban transit system?
6. If the Board of Supervisors should decide that it wishes to pursue this matter further upon receipt of the Agency's preliminary report, what are the next steps to be taken?

Supervisor Dobbs concluded by stating that after the report be submitted it be referred to the Public Buildings, Lands and City Planning Committee for immediate hearings.

Supervisor Ferdon remarked that previously the Board adopted a resolution authorizing the appointment of a citizens committee to determine the feasibility of establishing an International Scientific and Technical Center in San Francisco, and Supervisors Dobbs, Tinney and himself had taken it upon themselves to contact the Stanford Research Institute for the purpose of securing a preliminary report on this matter.

Supervisor Ferdon continued that such a report has been submitted by the Stanford Research Institute, and requested that it be referred to the Mayor's Committee for its review with the understanding that the Board is sympathetic but with no commitment at this time.

The Board resumed consideration of the following recommendation of Finance Committee heretofore temporarily postponed:

Report of Finance Committee on Marina Yacht Harbor.

File No. 780-59

Statement of Supervisor Dobbs.

As you all know, on August 20th the Board adopted a resolution authorizing execution of an agreement for a \$1,500,000 loan from the State for the construction of a small craft harbor. However, during that meeting, Supervisor Blake requested that the controller review the feasibility study for this project with a view to determining whether or not proceeds from berth rentals could produce sufficient revenue for debt service so that revenue from the operation of a restaurant would not be required. The controller agreed to undertake such a review.

On August 22nd, the Finance Committee requested the Recreation and Park Commission to review the entire matter and report on the necessity of (1) constructing the restaurant and (2) proceeding with the State loan. A letter was written to the Commission on August 23rd, stating in part:

"The Recreation and Park Commission is requested to review the proposed agreement with the State for the purpose of considering and, if possible, effectuating an arrangement whereby the restaurant facilities heretofore proposed will no longer be an essential element for completion of the project. Said request

is motivated, in part at least, by reports which have appeared in the daily press to the effect that Mr. E. A. Curtis, Administrative Officer for the State Division of Small Craft Harbors, has said that there is no State requirement for a restaurant as part of the Marina Yacht Harbor expansion and that if other income is provided he does not think there is any question about it since the State's chief concern is the City's ability to repay the loan.

"Supervisor Ferdon and Supervisor Halley recalled that during Committee hearings they were told by interested parties, including representatives of the Recreation and Park Commission, that approval of the proposed agreement for the State loan must be granted immediately, and there was even reluctance to acquiesce in delay before the Committee for the purpose of attempting to resolve parking difficulties which incurred the opposition of neighborhood residents.

"The members have noted the further statement of Mr. Curtis that if the City wants to amend the loan agreement approved by the resolution adopted last Monday, the City need merely make a request of the State Small Craft Harbors Commission to take another look at it.

"Supervisor Ferdon and Supervisor Halley, in view of said published statements and the apparently erroneous representations which were made to them during Committee hearings, now want absolute proof of berthing charges which will be imposed so as to obviate the need for a restaurant to aid in the financing of the loan debt and other costs necessary for the construction and operation of the Marina Yacht Harbor expansion. They feel that the need for a restaurant has not been satisfactorily determined thus far, and ask that you furnish them with complete details of the financing program which you now have in mind, keeping in mind berthing charges now made for comparable facilities in the San Francisco Bay Area.

"In connection with this entire matter, Supervisors Ferdon and Halley suggest that it might be well for your Commission to carefully and comprehensively explore the possibility of constructing a Marina Yacht Harbor expansion substantially as now contemplated without resorting to the expedient of borrowing funds from the State. They recall that \$365,000 in City funds has been appropriated for the project and cannot ignore the possibility of using existing funds, which can be supplemented annually through our budgetary procedures during the next three to four years so as to obviate the debt and other obligations inherent in the State loan proposal. They are particularly aware of the fact that the State loan is to be paid off only from revenues of the project and if there is a deficit and a default, the entire amount of the loan would become due and payable to the State, thereby requiring the Board of Supervisors to provide tax moneys to meet the obligation."

On August 27th, Mr. Ross replied on the financing:

"The proposed agreement between the City and the State Division of Small Craft Harbors for a maximum loan of \$1,500,000 for the extension of the Marina Yacht Harbor provides for loan repayment in the following manner:

Project Year

1 and 2	No repayment
3, 4, 5	Repayment of interest only, \$59,607 annually
6 thru 20	Equal annual installments of principal and interest of \$141,873

"If through advantageous bids or were the City to make a contribution to the project and the required borrowing from the

State was reduced in accordance with the following examples, it would result in a reduction in annual debt service requirements as indicated:

<i>Reduced Borrowing</i>	<i>State Loan</i>	<i>Reduced Annual Cost of Debt Service</i>	
		<i>Years 3, 4, 5</i>	<i>Year 6 thru 20</i>
\$126,875	\$1,373,125	\$5,041	\$12,000
150,000	1,350,000	5,960	14,187
250,000	1,250,000	9,934	23,645"

Thereafter a copy of the controller's communication was forwarded to the Recreation and Park Commission with the request that they comment thereon to the Finance Committee. On September 14th the Recreation and Park Department replied in part as follows:

"Concerning the proposed restaurant in Gas House Cove, it has always been considered an integral part of the development of the harbor, not only by the Recreation and Park Commission but also by the Small Craft Harbors Commission of the State of California. The matter of the restaurant as an ancillary service was deemed necessary by the State and this department as contained in the Little Report published in October, 1960, which was used as the basis for developing the loan figures. It was discussed by this Commission from the outset along with other ancillary services, and was approved by this body on August 10, 1961.

"In our opinion it is evident that the restaurant item was considered necessary from the very outset in the development of our request to the State for funds to complete the proposed development of Yacht Harbor, and therefore was required for the financial feasibility of the project.

"This matter has possibly been clouded as a result of a statement appearing in the press given by Mr. E. A. Curtis, a staff member of the Small Craft Harbors Commission in which he stated, 'No State project requires the inclusion of a restaurant in its construction providing the proper feasibility ratio is satisfied.' In this statement Mr. Curtis may have been correct but he failed to add that such was not the case in the San Francisco Harbor Project where the financial feasibility report by the State Small Craft Harbors Commission included the restaurant.

"Our chief concern is one which would provide San Francisco with a representative expanded harbor providing proper berthing facilities and services for public use.

"If your Committee, the Board of Supervisors and the Mayor can give us assurance that the funds set forth in Controller Ross' Report would be available to us we would be happy to attempt to negotiate with the State for a smaller loan. This would be done gladly with the proviso that there would be no delay and that this would not in any manner jeopardize the loan being consummated.

"To carry out the existing construction plans and specifications (costing \$80,000) would require the immediate appropriation of approximately \$1,500,000 as it is estimated that the construction of the harbor will be completed in eighteen months to two years' time. This Commission, however, is not opposed to monies being provided out of tax funds providing that the objective of this project can be attained. Our chief interest is to provide a good harbor. Our concern also is to have sufficient revenue from the Harbor and its ancillary services to finance the cost of maintaining and operating the Harbor."

The Recreation and Park Commission forwarded to us a copy of Mr. Lachlan M. Richards' letter of October 16th, quoting the follow-

ing motion adopted at the Small Craft Harbors Commission's meeting of October 15th:

"Commissioner Halley moved that the Commission take the stand that the project go ahead on the basis of the approved feasibility report which did include the restaurant. Seconded by Commissioner Reginato and passed."

Again we wrote to the Recreation and Park Commission:

"The Committee does not feel that the motion referred to is clearly responsive to the question which it desires answered; i.e., Will the State Small Craft Harbors Commission approve the project if the plans therefor and the estimates of revenues to be derived therefrom do not include the restaurant? To put it more briefly, does the Commission insist that the restaurant be included in the project?"

At the Finance Committee meeting of October 24th, Mr. Kimbell stated that he had reached Mr. Richards by telephone and asked the question: "Will the State Small Craft Harbors Commission approve the Marina Yacht Harbor expansion project if the plans therefor and the estimated revenues to be derived therefrom do not include the restaurant?" Mr. Richards stated that this was a policy question and it would have to go back to the Commission. He stated that since the Commission approved the project based on the feasibility study, anything that changed the study would involve a new study. The Finance Committee was not satisfied with this report and on October 25th a letter was directed to the Division of Small Craft Harbors reiterating the question, to which we received a reply on October 30th, stating in part:

"On January 16, 1961, the Small Craft Harbors Commission rendered primary approval for said loan, indicating that the Division of Small Craft Harbors had determined that the project is feasible, serves a Statewide purpose, and is of significance for the people of the State of California; and the final plans and specifications, including the restaurant, were submitted and approved by the Division of Small Craft Harbors. A loan agreement dated May 28, 1962 was prepared on this basis for a construction loan of \$1,500,000 to the City and County of San Francisco, said loan being in conformance with all Commission established policies.

"The Commission formally gave final approval to the San Francisco small craft harbor project at its regular public meeting on May 28, 1962, after three years of consideration and study which included changes from time to time as they were requested and agreed upon.

"As of this writing, we are awaiting the completed (signed) loan agreement from the City and County of San Francisco so that the project funds can be released.

"I have given you a brief resume of the history and status of this project. Any changes in the approval of the project, which has always included a restaurant, would have to be requested of the Small Craft Harbors Commission. If it is the desire of the Board of Supervisors that the final approval of this project be reconsidered, please so advise this office in writing not later than Friday, November 2, 1962, so that it can be included as a published agenda item for the November 19 Commission meeting which is scheduled for San Diego, California. After that, the next scheduled Small Craft Harbors Commission meeting of January 21, 1963."

The committee felt that this response of Mr. Richards was inconclusive and another letter was directed to him on November 1st, stating we still cannot determine whether your Commission would

approve the project minus the restaurant if the financing of the city's participation were deemed to be otherwise sufficient.

On November 2nd, Mr. Richards reported that the matter would be on the Commission's agenda for November 19th in San Diego and invited representatives of our Board to be present, calling our attention to the Commission's previous reaffirmation that the project go ahead on the basis of the approved feasibility report, which did include the restaurant . . . to which letter we responded, stating:

"The members at this time at least are not requesting your Commission to consider any change in the San Francisco Small Craft Harbor Project. They are hopeful that your Commission will find itself in a position to inform them as to whether or not a change which would eliminate the proposed restaurant facilities would be acceptable to your Commission, assuming that the financing structure could be shown to be adequate despite such elimination,"

and also advised Mr. Richards that as November 19th was a Board meeting date it did not appear that a member or representative of our Board could attend the Small Craft Harbor Commission meeting in San Diego.

After reading about the November 19th meeting in the newspapers and not having received a reply from Mr. Richards, we telephoned Sacramento on Tuesday, only to find that Mr. Richards was out of town and that his assistant, Mr. Curtis, could not reply to our inquiry. Mr. Richards telephoned Wednesday morning giving us a verbal reply and now we have received this letter.

November 29, 1962.

Board of Supervisors
City and County of San Francisco
City Hall
San Francisco, California

Gentlemen:

In reply to an inquiry by telephone from Mrs. Senter, Secretary of your Board, requesting an answer to Robert J. Dolan's letter of November 8, 1962, in which he indicated that the Board of Supervisors was hopeful that the Small Craft Harbors Commission would find itself in a position to inform them as to whether or not a change which would eliminate the proposed restaurant facility would be acceptable to the Commission, I submit the following:

The San Francisco marine project was considered at the November 19 Commission Meeting in San Diego as an agenda item as published in our meeting notices and press releases. Inasmuch as there were no official representatives present at the meeting speaking for the City of San Francisco or the Board of Supervisors, as suggested in my letter to you of November 2, 1962, the only comments received were those from Mr. Sante Quettrin and Dr. Francis S. Quinn, who expressed their viewpoints as to why a restaurant should not be included in the San Francisco project. After the Commission listened attentively to their presentation objecting to the proposed restaurant, a brief discussion followed. During this discussion, the Commission clearly indicated the Board of Supervisors must decide whether or not they wish to change the project through the elimination of the restaurant. This would require that they so advise the Small Craft Harbors Commission and be prepared to submit a new feasibility study. No motions were adopted or official action taken with regard to the San Francisco project.

I would also like to take this opportunity to advise you of the Small Craft Harbors Commission policy with regard to those projects delayed over a six-month period. This policy was adopted by resolu-

tion on May 15, 1961, and requires that each applicant for a Small Craft Harbor loan approved by Senate or Assembly Concurrent Resolution be put on notice that the application for such loan is subject to cancellation at the discretion of the Small Craft Harbors Commission unless construction on the approved project has begun or, within the opinion of the Small Craft Harbors Commission and the Division of Small Craft Harbors, is being diligently pursued commensurate with the conditions as set forth in each report or latest analysis. In keeping with this previously established policy, it is requested that an official representative of the Board of Supervisors appear at the next Small Craft Harbors Commission Meeting scheduled for January 21, at a place to be set in the South San Francisco area, to present a progress report to show that this project is being diligently pursued.

You may be assured of our continued cooperation in endeavoring to develop a successful small craft harbor project at San Francisco.

LACHLAN M. (Lock) RICHARDS, *Chief*
Division of Small Craft Harbors

Supervisor Dobbs concluded by stating that the Committee has listened to representatives of the Marina District protesting the inclusion of a restaurant in the plans. The Committee does not feel that it should take the responsibility of deleting the proposed restaurant and authorizing submission of another feasibility report. If nothing is changed the harbor will proceed and it will contain a restaurant. The question is whether the Board desires to proceed with a new feasibility report and take the chance that the State will approve a new loan.

Supervisor Halley quoted from the Journal of Proceedings for the meeting of August 20, 1962 when the Board approved the agreement for the loan, and pointed out that at that time the Board was informed that the restaurant was necessary or the loan would not be approved.

Supervisor Halley cited portions of Section 9 of the agreement: "Applicant shall also construct and operate or cause to be constructed and operated a restaurant . . . as outlined in, and so as to produce the income contemplated by, the San Francisco Finance Feasibility Review, dated May 1, 1962, on file with the Division of Small Craft Harbors or other revenue producing facilities, as approved by the State, which will provide not less than an equal gross revenue to applicant."

Supervisor Halley said it was his opinion that the foregoing language indicated that revenue might be secured by other means than by a restaurant. The Board has been invited to appear before the Division of Small Craft Harbors in January, 1963, and it is my belief that a new feasibility report could be presented reflecting an adjustment of the berthing rates and excluding the restaurant, to produce the same revenue which could be realized by the inclusion of the restaurant in the plans.

Supervisor Halley, seconded by Supervisor Casey, moved that the Recreation and Park Commission, with cooperation of the Controller and in response to the previous inquiry of Supervisor Blake, be requested to consider the advisability of presenting a substitute feasibility report to the Division of Small Craft Harbors at its meeting in January, 1963, and they seek to secure a new loan for the project without resorting to the inclusion of a restaurant within the proposed Yacht Harbor.

In response to inquiry of Supervisor Tinney, Mr. Bernard Ward, Deputy City Attorney, advised that if the motion were directed to the General Manager of the Recreation and Park Commission it would come within the purview of Section 22 of the Charter, but if

it is to be directed to the Recreation and Park Commission then it would be legal.

Supervisor Dobbs stated he did not like to take the responsibility which was inherent in the motion, and believed the Board should either accept or reject the recommendation of the Recreation and Park Commission and not attempt to tell them what to do.

Mr. Walter A. Haas, Sr., President, Recreation and Park Commission, informed the Board that the feasibility report was prepared by Arthur Little Company at a cost of \$20,000, and if a new report was to be made the Commission would have to secure the services of an outside firm and come to the Board for the funds.

Supervisor Halley remarked the motion was simply a matter of asking the Commission to reconsider in view of the fact that there is a strong possibility that the need for the restaurant might be obviated by a further study by the Controller. If the Commission declines, they can proceed on the basis of the resolution previously adopted by the Board.

Approving the Substitution of Amended Assignment and Sublease Under Letter of Intent of San Francisco Airport Improvement Corporation, Dated March 27, 1962, to Make a Gift to the City of the Beneficial Ownership of All Its Common Stock.

File No. 226-62-1, Resolution No. 744-62.

Supervisor Halley stated that the only question in his mind was that the language in the new documents was ambiguous, and would seem to indicate that some of the responsibilities of the original signer of the lease were being shifted to a non-profit corporation which owned the land in the first place.

Supervisor Halley propounded the following question to Mr. Bourne, Public Utilities Counsel: "Are the responsibilities of Pan American exactly the same as they were in the original agreement?"

Mr. Bourne replied that the answer to the question of necessity would be yes. There has been no change in the responsibility of the lessee, Pan American. All of the documents involved in this transaction assure that Pan American remains liable to the same degree and in the same manner as was created under the lease.

Supervisor Tinney: The non-profit corporation being in existence and the City owning all of the stock, in whom is the power placed for the election of the members of the Board of Directors?

Mr. Bourne: It would be with the City.

Supervisor Tinney: Who would be the directors, who would elect the persons who were to sign the documents?

Mr. Bourne: The City being the sole stockholder would have that authority.

Supervisor Halley requested that the Clerk direct a communication to the City Attorney requesting his opinion relative to the ways and means for the representatives of the City, the owner en toto of all common stock in various non-profit corporations, to participate

in membership on the Board of Directors in those several non-profit corporations.

No objection and *Clerk directed to comply.*

Supervisor Tinney remarked he believed that being charged with the responsibility of conducting the business of the City, the Board should have certain questions answered. He did not believe the Board should automatically approve these transactions without knowing what it was doing, and although he intended to vote for the legislation, he would inquire into the operation of the non-profit corporation.

Continuance of Caucus of the Board to Nominate Candidates for the Office of Director of the Golden Gate Bridge and Highway District.

Supervisor Halley remarked that in view of the fact that Supervisor Blake was absent he, Supervisor Halley, believed the caucus to consider nominations of candidates for the office of Director of the Golden Gate Bridge and Highway District should be continued for one week.

Supervisor Ferdon stated it was his feeling that a questionnaire should be sent to the various candidates for the position, so the Board would have some idea of the individual's understanding as to the various problems which confront the members of the Board of Directors.

Supervisor Ferdon continued that each member of the Board should submit interrogatories for inclusion in the questionnaire.

Supervisor Ferdon thereupon requested that the following questions be asked of the various candidates:

"How do you stand with respect to the construction of a second Marin crossing, and if constructed, do you believe it should be under the jurisdiction of the Golden Gate Bridge and Highway District, or under the jurisdiction of the State?"

"Have you fully explored locations for the second Marin crossing, and if so, at this time are you ready to make a recommendation?"

"What is your position with respect to the absorption of the Golden Gate Bridge and Highway District by the State or other governmental agency?"

Supervisor Halley stated it might be a good idea to invite the various candidates to attend the caucus and be personally interrogated.

Supervisor Halley thereupon requested that the Clerk, over Supervisor Halley's signature, direct a communication to the incumbent members of the Board of Directors of the Golden Gate Bridge and Highway District, inviting them to attend the caucus as he, Supervisor Halley, might be desirous of asking certain questions of them.

Several members of the Board expressed their disapproval to such a proposal, and the Chair thereupon ruled that the request was out of order.

Supervisor Tinney, seconded by Supervisor Boas, moved that the President set forth the rules for the holding of the caucus.

In response to inquiry of Supervisor Halley, Mr. Blanchard, Deputy City Attorney, advised the Board that under the Brown Act an executive session for the purpose of appointing the members of the Board of Directors did not have to be an open and public hearing.

Motion carried by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—8.

No: Supervisor Halley—1.

Absent: Supervisors Blake, Dobbs—2.

Motion carried by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—9.

No: Supervisor Halley—1.

Absent: Supervisor Blake—1.

"When the outstanding debt on the bridge is amortized, will you endorse a proposal that the bridge be toll free?"

"Do you believe it necessary as a member of the Board of Directors to receive a consideration over and above salary, in the form of an insurance policy?"

"Do you believe that the expense system used by the Board of Directors is a proper one, and if so, why?"

No objection and *Clerk directed to comply.*

No objection and motion *carried.*

Adopted.

Approving Map of Vista Francisco Subdivision No. 1.

File No. 428-62, Resolution No. 756-62.

Supervisor Ertola, seconded by Supervisor Blake, moved adoption.

Supervisor Boas explained he was going to vote "no" because, although he was aware of the technical situation, as a matter of principle he did not want to go on record as endorsing what he believed to be an unfortunate use of a natural resource.

Supervisor Morrison urged the members to vote against the approval of the map because he believed that then the developer would not continue with his plans for the development, and the City could acquire it for park purposes.

Supervisor Blake explained it was his opinion that San Francisco has to be developed to the utmost, and rather than prohibit the erection of subdivisions the City should concentrate on improving the present playground facilities.

Supervisor Ferdon remarked that the proposed development did not meet with his ideas of the aesthetics of the area, and since he had not had the opportunity of approving the tentative subdivision map he believed the Board should vote against the legislation. Supervisor Ferdon concluded by stating that although the benefits to be received would be great he believed the Board should disapprove the proposal with the hope that something could be worked out between the developer and the City Planning Commission which would be more aesthetic.

Supervisor Halley stated that at the time the plans were formed the property was zoned for a certain purpose and the owner had every right to believe it could be developed to the fullest extent. Supervisor Halley concluded by saying it would be a mistake to disapprove the map, and he believed the Board should accept the recommendation of the City Planning Commission.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahon, Tamaras, Tinney—8.

Noes: Supervisors Boas, Ferdon, Morrison—3.

Adopted.

The following recommendation of Streets Committee was taken up:

Declaring Intention to Order the Vacation of Certain Air Space Above a Portion of Webster Street Between Post Street and Geary Boulevard.

File No. 374-61-1, Resolution No.

Supervisor Tinney stated he could not possibly vote for any legislation which would provide for the irrevocable conveyance of air space over a city street.

Supervisor Dobbs suggested that consideration be continued for one week, and detailed diagrams be presented to the Board showing the proposed vacation involved in connection with the construction of a bridge across Webster Street.

Supervisor McMahon requested that an inquiry be made of the Redevelopment Agency as to whether or not Webster Street is to be the main north-south artery in the Western Addition Redevelopment Area, and if so would it be advisable to construct a bridge which is only 16 feet in height across such a thoroughfare.
